NO APPLICATIONS will be processed
before this date for 2017

All forms are attached

Thanks!

December 1st, 2016

Dear Contractor:

Your 2016 contractor registration will expire on December 31. In order to obtain a permit in 2017 your registration must be current. The form for renewal is enclosed. **Keep in mind that it is the contractors' responsibility to keep insurances and bonds current.**

Please keep the following other Contractor Responsibilities in mind when performing work in Rock Island:

- City code requires that permits must be pulled before work is performed and that permit must be retained on the job site. This office understands that emergency repairs/replacements do occur, and those permits must be submitted as soon as possible.
- City code requires that inspections are conducted during applicable stages in the build and that a final inspection or occupancy inspection is conducted in order to close the permit. **Every permit issued requires an inspection.** It is the responsibility of **the contractor** to call or email all inspection requests to the Inspection Division upon completion of work in a timely manner.
- If there is a change in the scope of work, the proposed change must be submitted to this office in writing and it must be approved by the Building Official before modifications are initiated.
- **ALL INSPECTIONS REQUIRE A MINIMUM OF 24 HOUR NOTICE**

The City of Rock Island currently uses the 2009 International Codes (IBC, IRC, IFC, IMC, IFGC, and IEBC), 2008 NEC, the 2014 Illinois Plumbing Code, 2015 IECC, and the IPC for matters not covered by the IL Plumbing Code. **The 2015 IECC is state mandated, and all construction must conform to the minimum requirements.** You may request copies of local amendments by contacting us via email at Inspection@rigov.org or calling us at 309.732.2910 during normal business hours.

There are copies of the local amendments as well as permit applications and fee schedules are available on the city website: <http://www.rigov.org>

The regional building departments continue to work together to further the goal of using the same codes throughout the region. **We have begun to study the 2015 International Codes and plan on switching.** Keep an eye on the ILLOWA Building Official's Association website, <http://www.illowaicc.org> for details on our progress. ILLOWA also offers copies of code publications at a reduced cost.

All construction must conform to the 2015 IECC; state mandated.

I look forward to working with you throughout the year.

Sincerely,

Thomas G. Ayers
Chief Building Official
