CITY OF ROCK ISLAND
CITY COUNCIL MEETING

City Hall

1528 Third Avenue, Rock Island IL

City Council Chambers, 3rd Floor

4/24/2023 - Minutes

1. Call to Order

Mayor Thoms called the meeting to order at 6:47 p.m. and welcomed everyone.

2. This meeting will also be conducted by audio and video conference without the requirement of a physically present quorum of the Rock Island City Council due to the disaster declaration issued by Governor Pritzker.

3. Roll Call

Mayor Thoms asked City Clerk Samantha Gange to call the roll.

Present: Mayor Mike Thoms, Alderpersons Moses Robinson, Randy Hurt, Judith Gilbert, Jenni Swanson, Dylan Parker (virtual), Mark Poulos and Bill Healy.

Absent: None.

Staff: City Manager Todd Thompson, City Attorney Dave Morrison, City Clerk Samantha Gange, and other City Staff.

4. Pledge of Allegiance

Mayor Thoms led in the reciting of the Pledge of Allegiance.

5. Moment of Silence

Mayor Thoms requested a moment of silence. A moment of silence was observed.

6. Public Comment

Martin Chaney approached the podium and said he was in favor of saving the iconic landmark commonly referred to as Black Hawk. He noted Rock Island was once an American Indian village and

by destroying the iconic landmark would be like destroying a part of history and he would like to see it preserved. The landmark could be used for educational purposes as well as serve as a reminder to the American Indians that live in the Quad Cities.

Natalie Linville Mass, founder for QC PastPort, approached the podium to speak in favor of the Inter-Tribal League of American Indians, a local group with many members living in Rock Island and the surrounding communities, who wish to restore the statue taken down by the recent storm. The statue serves as a reminder that American Indians from multiple tribes lived in Rock Island and still do today. Although the statue isn't a true representation of any specific local tribe, it serves as a reminder of the deep history and roots of past tribes such as the Kickapoo and Sauk. She said the statue should be placed in a public space where it can be restored and used as a tool to learn more about the tribes that once lived here. If the City of Rock Island decides not to keep the statue in the City, then it should be given to the Inter-Tribal League of American Indians as an educational tool to be placed elsewhere.

Lisa Alonzo addressed Council regarding the Black Hawk statue and stated her nationality as Potawatomi and Kickapoo Native American. She said her grandparents and great grandparents taught her to be very proud of their Native American culture and tearing it down would be a disgrace and disrespect to their history. She said if the City does not want the statue, she would like the City to allow the Inter-Tribal League of American Indians to take possession of it and use it to educate people about their culture in a positive way.

Rudy Vallejo addressed Council and said he was a member of the Kickapoo tribe of Kansas and was in support of saving the statue. He provided Council with a handout of an article written about 170 years ago by Chief Seattle. He noted the article discussed issues American Indians faced back then that are still relevant and applicable today. He opined the sign should not be destroyed as it would add to the landfill and have a negative impact on the environment. He offered to raise money to restore the statue and find a permanent home for it so that it can be used by local American Indians to educate the community.

Naomi Torrence came to the podium to address Council. She stated she was a City employee and a member of the Potawatomi tribe. She said that although some members of the Native Community positively identify with the sign, the commonly referred to Black Hawk statue is a commercial sign designed in the 1960s for commercial purposes and economic gain. The continuation of the use of the sign perpetuates stereotypes of the American Indian image. The sign should be dismantled and recycled in an environmentally responsible way and the metal be repurposed in a way that accurately portrays Black Hawk. She asked Council for the opportunity for the Native Community to raise funds for demolition of the sign.

Randall Smith addressed Council about the Black Hawk sign. He said there were two perspectives being shared with City Council. For some, they want the sign destroyed as it perpetuates several negative narratives that are an inaccurate portrayal of Black Hawk and American Indian culture. Others want to preserve the sign and use it for educational purposes. He asked City Council members to consider looking forward to the future and how it impacts natives in the community.

VOTE:

Motion PASSED on a 7-0-0 roll call vote. Aye: Poulos, Healy, Robinson, Hurt, Gilbert, Swanson, and Parker. Nay: None. Absent: None.

16. Report from the Community and Economic Development Department regarding the CY2022 Consolidated Annual Performance and Evaluation Report (CAPER).

DISCUSSION:

Aldersperson Parker asked Community and Economic Development Director Miles Brainard for an executive-level summary of the CAPER for the public. Mr. Brainard offered a review of what CAPER is about, which in essence is a report to the Housing and Urban Development Department (HUD) regarding the City's performance in the past program year. He discussed the details of each section of the report, as well as the accomplishments and setbacks of the program year.

Mr. Brainard noted the Healthy Homes Lead-Based Paint Hazard Reduction Program that has been efforted by local municipalities during recent years. He said that area is falling short, for reasons including staff changes and hang-ups with training and availability of qualified vendors. He then referenced the homestead program currently in progress, which is not yet complete but has carried from last year to this year.

Mr. Brainard discussed the Owner-Occupied Housing Rehabilitation Program, which he stated has exceeded expectations, as the goal for the program year was 35 houses, but 37 have been completed. He said 10 of those homes were in the recap, which is focused within the racial and ethnic concentrated

area of poverty near Douglas Park, according to census tract information. He noted the number of homes within the program is aligned with the number of contractors and staff capabilities.

Mr. Brainard discussed the job creation goal area, which refers to the Commercial Industrial Revolving Loan Fund (CIRLF). There have been no new CIRLF loans within the last program year, and he noted the state of the economy is a contributing factor. He said these goals should be reevaluated unless the economy sees a significant improvement.

Mr. Brainard said the program administration costs have been paid out in full. For property maintenance goals, building demolitions neared the expected number, but insufficient funds kept the department from reaching the goal. He noted that earmarked as part of the Targeted Area Repair and Rehabilitation Program (TARRP), a specific property inspector was to be hired. However, it was not working as intended, so the item was zeroed out from the budget. Under the public infrastructure category, he explained that these projects are generally developed using Community Development Block Grant (CDBG) funds. He said staff relies on estimates from the partners who operate the facilities in question as to how many people will be assisted.

Mr. Brainard discussed certain grants that are mixed with CDBG to stretch funds and leverage sources. One of these is Strong Communities, an Illinois Housing Development Authority (IHDA) grant. He noted all applicants requested a one-year extension to use the funds, as the program was difficult to run across the state, and more flexibility was necessary. He said \$40,000 had been used on the first rehabilitation program house on 15th Avenue, with another \$40,000 to be used on another home on 32nd Street, and the remaining funds will be used for additional demolition of blighted structures. He said the Housing Rehabilitation and Accessibility Program (HRAP) is soon to launch as well.

Mr. Brainard reviewed some typos that were pointed out to staff regarding the columns of the consolidated plan that was the result of an import error, which will be corrected. He noted the correction of a staff job title, which should be Community Development Manager instead of Budget and Grants Manager. He pointed to page 25, section 3 of the report, noting the City does not have projects that are subject to this section. Therefore, the total number of activities under the CDBG column should say 0 instead of 6.

Mr. Brainard noted language regarding partnerships in this document as well as the Annual Action Plan (AAP), and said CDBG funding is often leveraged with partners to combat community poverty, but it may not be used directly. He pointed to the Lincoln Residences project, in which the City did not build them using CDBG funds, but did offer environmental review documents and remediation.

Aldersperson Robinson asked if this would be a way to create a program to begin infilling for certain properties on vacant lots. Mr. Brainard noted that CDBG funds are not eligible for new construction projects. He noted staff was in the process of collaborating with a HUD representative to possibly join with Moline in a coalition to pursue home funding, as both are entitlement communities. Staff is aware that infilling is a priority, and other options are being pursued.

Aldersperson Parker asked Mr. Brainard to comment on the status of programs within the AAP. Mr. Brainard noted that TARRP has proven to not work in the way that was envisioned, meaning that more CDBG dollars would be concentrated in areas of the City that needed it, along with a dedicated inspector. He said a discussion is pending with the Community Development Commission (CDC) on how to retire TARRP and place available funds into general and emergency rehabilitation programs. Areas that TARRP was meant to address are already receiving assistance through other regular programs. Mr. Brainard noted there has been discussion of a micro-enterprise program, but there are more associated administrative burdens with such a thing.

Aldersperson Gilbert said she attended the most recent CIRLF meeting, and one of the bankers recommended that the interest rate be lower to encourage applicants. Mr. Brainard said a counterpoint would be that there may not be an interest rate high enough to successfully administer the program, and alternatives may need to be explored. Aldersperson Gilbert asked if figuring out the problems should not then be a priority. Mr. Brainard agreed, but that it should receive careful deliberation. He expressed a goal of bringing the CIRLF committee and the new CDC together to discuss these issues, as there are

different levels of expertise between the two. Alderperson Healy noted there are resources for CIRLF, but the question is how to attract people to the programs.

Mr. Brainard said the typos will be corrected before submitting to HUD, and he expected revisions to occur following upcoming meetings. He noted that HUD does not require that Council approve the document, but it is best practice, and gives staff the chance to discuss it in further detail.

MOTION:

City Attorney Morrison said it would be best to do an amended motion to ensure the reflected record is accurate.

Alderperson Parker moved to make a motion as amended; Alderperson Swanson seconded.

Mr. Brainard said there had just been a motion to make amendments to the main motion, which is the vote that is being taken. Then, there would need to be an additional vote on the main motion as amended. Mayor Thoms suggested withdrawing the most recent motions to make a new motion.

Alderpersons Swanson and Parker withdrew their motions.

Alderperson Parker made a new motion to approve the 2022 CAPER with minor modifications and direct staff to submit it to HUD; Alderperson Robinson seconded.

VOTE:

Motion passed on a 7-0-0 roll call vote. Aye: Poulos, Healy, Robinson, Hurt, Gilbert, Swanson, and Parker. Nay: None. Absent: None.

17. Report from the Community and Economic Development Department requesting the acceptance of the original bid from Valley Construction for the demolition of Firehouse No. 5 in Douglas Park.

MOTION:

Alderperson Robinson moved to accept the original bid and direct the City Manager to negotiate and execute said contract subject to minor attorney modifications; Alderperson Poulos seconded.

DISCUSSION:

Alderperson Poulos said he had previously moved to table this item until the May 22, 2023 meeting in hopes that someone would have the opportunity to provide a plan to repurpose the firehouse. However, there was no interest as demonstrated by the lack of bids received and it would be inappropriate not to take action.

Alderperson Gilbert asked why materials are required to be left on the construction site and what would be done with those materials. Mr. Brainard responded that there a number of historic materials and elements that need to be retained and reused in different ways. He noted staff are sensitive to the history and worked with the State Historic Preservation Office to determine what materials needed to be preserved or repurposed. For example, a large portion of the brickwork will be repurposed by the Parks and Recreation Department and the copper gutters and radiators will be repurposed at the Hauberg Estate.

Alderperson Parker thanked staff and members of Council for allowing the exploration of the Request for Proposals for the firehouse. He indicated his intention of voting no and said that there has been lots of conversations around the table about the need to be more thoughtful about how public funds are spent. He said he would like the City to consider a feasibility study done for the museum as there was a

feasibility study for the marina and campground and a museum recognizing the sports history at Douglas Park would be worth exploring.

VOTE:

Motion PASSED on a 6-1-0 roll call vote. Aye: Poulos, Healy, Robinson, Hurt, Gilbert, and Swanson. Nay: Parker. Absent: None.

18. Report from the Community and Economic Development Department regarding approval of the final RILCO Subdivision Plat.

MOTION:

Aldersperson Healy moved to approve the final plat with minor technical corrections; Aldersperson Gilbert seconded.

VOTE:

Motion PASSED on a 7-0-0 roll call vote. Aye: Poulos, Healy, Robinson, Hurt, Gilbert, Swanson, and Parker. Nay: None. Absent: None

19. Report from the Community & Economic Development Department regarding the renewal of annual non-irrigated farm land lease agreements with Mr. Andrew Kordik, Mr. Scot Doxstader, and Mr. Kenneth Flack for 2023.

MOTION:

Aldersperson Hurt moved to approve the 2023 farm lease agreements along with the scaled rent increase; subject to minor attorney modifications; and authorize the City Manager and City Clerk to execute the contract documents; Aldersperson Poulos seconded.

DISCUSSION:

Aldersperson Healy asked if the lessees were aware of the rent increase. Mr. Brainard replied affirmatively.

VOTE:

Motion PASSED on a 7-0-0 roll call vote. Aye: Poulos, Healy, Robinson, Hurt, Gilbert, Swanson, and Parker. Nay: None. Absent: None

20. Report from the Community and Economic Development Department regarding funding for three years of funding in the amount of \$109,713.00 in ARPA funds for the Quad Cities Regional Land Bank Authority.

MOTION:

Aldersperson Swanson moved to approve the land bank funding using ARPA funds; Aldersperson Robinson seconded.

VOTE:

Motion PASSED on a 7-0-0 roll call vote. Aye: Poulos, Healy, Robinson, Hurt, Gilbert, Swanson, and Parker. Nay: None. Absent: None

21. Report from the Human Resources Department requesting approval of \$267,000.00 (\$1,000.00 for every full-time, non-police employee as of December 31, 2022) of ARPA funds for one-time employee bonuses.

MOTION:

Aldersperson Swanson moved to approve the allocation of \$267,000 of ARPA funds for CY 2023 employee bonuses; Aldersperson Poulos seconded.

DISCUSSION:

Aldersperson Poulos asked when it was intended that the payment be made, and if this was a bonus or an employee retention plan related to issues that arose during the pandemic. City Manager Thompson said this was being funded by ARPA unallocated and unrestricted funds, and therefore there is not a requirement to spend it in a manner consistent with the originally structured ARPA plan. He said the intention is that it serve as a retention bonus.

Human Resources Director Rob Baugous said the payout would be part of an exceptional payroll cycle as opposed to the standard cycle, or in about three weeks. Aldersperson Poulos asked if this would be a check for \$1,000 or if taxes were going to be taken out. Mr. Baugous confirmed that taxes would be taken out.

VOTE:

Motion PASSED on a 7-0-0 roll call vote. Aye: Poulos, Healy, Robinson, Hurt, Gilbert, Swanson, and Parker. Nay: None. Absent: None.

22. 26. Other Business

Aldersperson Hurt said he is the City's representative on the Rock Island County Waste Management Association (RICWMA), and has a special meeting regarding the transfer station proposal in Moline. He was looking for Council recommendations and direction, and asked them to review the information. He noted the measure could still proceed in spite of any failed vote. Aldersperson Gilbert asked what the other communities were saying about the measure. Aldersperson Hurt replied East Moline was opposed,

Moline would likely abstain due to a conflict of interest, and he has spoken to other smaller communities, but the result would likely come down to who has weighted votes, such as Rock Island. Alderperson Parker said this represents the City, and supported the measure with the possibility of Rock Island having a second location. Alderperson Hurt said the City would be a logical second location.

Mayor Thoms said he disagreed, saying the measure would be judged more on whether there was a need. He said certain landfills have many years left, and RICWMA would judge needs. Alderperson Parker opined that there was a need. Alderperson Hurt noted that Moline was not very transparent during the beginning of the process. Alderperson Gilbert asked what Scott County's concerns were about the project. Alderperson Hurt said they would lose money. Mr. Thompson added that Scott County was concerned about their recycling center and landfill, but they do not have a vote with RICWMA.

Alderperson Gilbert asked who would make the decision for a second location. Alderperson Hurt said it would be RICWMA, but any plan would need to align with their vision. Mayor Thoms noted that the decision could be a long ways from being finalized. Mr. Thompson added that the decision is focused on whether the application is consistent with the agency plan.

Alderperson Swanson thanked the Public Works Department and reminded residents to have patience, as debris from the recent storm is still being picked up. Public Works Director Mike Bartels told Council that his department hopes to have everything cleaned in the coming weeks, as they have had to divert crews to work on flood protection.

Alderperson Gilbert asked Quad Cities Chamber of Commerce Downtown Rock Island Director Jack Cullen to provide information on the upcoming Rock Island Downtown Alliance meeting. Mr. Cullen said the Alliance will have their first meeting tomorrow, Tuesday April 25, 2023 from 3:30 p.m. to 5:30 p.m. at the Illinois Casualty Company building. He said the public is invited to attend, and a virtual meeting link can be posted on the City's website.

27. Motion to Adjourn.

MOTION:

Alderperson Gilbert moved to adjourn; Alderperson Healy seconded.

VOTE:

Motion PASSED on a 7-0-0 roll call vote. Aye: Poulos, Healy, Robinson, Hurt, Gilbert, Swanson, and Parker. Nay: None. Absent: None.

The meeting adjourned at 8:08 p.m.

CALL TO ORDER

Mayor Thoms called the meeting to order at 5:02 p.m. and welcomed everyone.

THIS MEETING WILL BE CONDUCTED BY AUDIO AND VIDEO CONFERENCE WITHOUT A PHYSICALLY PRESENT QUORUM OF THE ROCK ISLAND CITY COUNCIL DUE TO THE DISASTER DECLARATION ISSUED BY GOVERNOR PRITZKER.

ROLL CALL

Mayor Thoms asked City Clerk Samantha Gange to call the roll.

Present: Mayor Mike Thoms, Alderpersons Judith Gilbert, Jenni Swanson, Dylan Parker (virtual), Mark Poulos, and Bill Healy.

Aldersperson Randy Hurt arrived at 5:05 p.m.

Aldersperson Moses Robinson arrived at 5:08 p.m.

Staff: City Manager Todd Thompson, City Attorney Dave Morrison, City Clerk Samantha Gange, and other City Staff.

PUBLIC COMMENT

Mayor Thoms asked if there was anyone in the audience or virtually that wished to comment. No residents volunteered to speak.

CITY SOFTWARE (ERP) PROJECT INTRODUCTION - PLANTE MORAN

Information Technology Director Tim Bain addressed Council regarding the City Software ERP Project. He introduced Plante Moran staff as the consultants partnering with the City to select and implement new software. Plante Moran Project Manager Nina Rajcevic and Project Director Natalie Schwarz presented an introduction of the ERP project to City Council. Ms. Rajcevic provided an overview and introduced the project team. Ms. Schwarz said she will provide support to Ms. Rajcevic and the rest of the Plante Moran team to ensure the right resources are engaged at the right time in the project. Ms. Schwarz said members of the project team specialize in financials, HCM/payroll, utility billing, and community development with many years of experience of working for county and city governments.

Ms. Schwarz said Plante Moran is an audit, tax, and consulting firm with about 3,300 staff with offices in Illinois and surrounding Midwest region and Denver. She said Plante Moran has served clients nationwide for over 50 years and provided a list of recent clients they have assisted with an ERP replacement or implementation project. She said their staff would like to utilize the information learned while working with other organizations similar in size and demographics to assist the City in making its decisions for vendors. She said they are completely vendor independent and are fully immersed in the public sector software and marketplace through a vendor liaison program. This allows Plante Moran to meet with vendors at regular intervals to discuss new software capabilities, services offered, and trends and challenges. She said this collaboration helps Plante Moran to continue to better serve clients with continuously changing requirements and regulations.

Ms. Schwarz defined an ERP as Enterprise Resource Planning comprised of a suite of integrated applications that use a common database to share data across departments, and facilitates information flow between all functions and external stakeholders. She explained that there are a range of software programs available that would encompass human capital management (HCM), payroll, utility billing, and community development, programs that focus primarily on HCM and payroll and then there are program options that include some of both. She said it is best to evaluate future goals for processes to identify the best fit. Most people tend to think of an ERP project as mainly being about technology, but really it's about the people. The technology is the easy part, it's really changing processes, policies, and job responsibilities within the departments that set up the foundation to build and implement the technology.

Ms. Rajcevic provided several reasons why the ERP project is needed, including: inefficiencies due to system limitations, desire for greater access to information, shadow systems and work arounds exist with current ERP, and to gain operational efficiency. She said the goal is to have a more user-friendly system for everyone, to reduce manual entry and redundancy, procurement of an integrated system, and incorporate best practices throughout the process to increase efficiency, and provide residents and staff access to information through a self-service portal. She said two benefits of new ERP systems are integration and citizen engagement. Integrating systems would reconcile information between systems, provide a system of truth, and allow staff to spend more time acting on information instead of searching for it. Citizen engagement would enable residents to access information when they need it and reduce waiting time for approvals and information.

Ms. Rajcevic said the project overview consists of assessing technical infrastructure, conducting interviews with staff, developing functional requirements, developing and distributing an RFP document, participating in vendor demonstrations, and selection of the final vendor. She said project and change management will be ongoing throughout the process. She reviewed the components included in the project scope including finance, human resources, community and economic development, risk management, and citizen and customer engagement. She said staff have been very forthcoming during interviews, are resourceful, demonstrated forward thinking, and are asking great questions. Other themes were paper-based processes which creates potential risk, work arounds due to system limitations, and institutional knowledge of processes.

Ms. Rajcevic said Plante Moran will be wrapping up interviews next week and developing requirements next month to go out with the RFP aimed for distribution in July. She said they will generate reports during that time to communicate findings and associated opportunities. The goal is to have a vendor selected by November and then to have contract negotiations occurring in December. She reviewed the selection process for Council and said reviewing responses will begin in the fall. The team will then be working to shortlist the top vendors to lead into the final vendor selection. She said there are tools and templates to support the process and ensure the City has the information for the best vendor selection. Ms. Rajcevic reviewed considerations for ERP implementation and the members of the project committee who would be available to answer questions.

Mr. Bain thanked Ms. Rajcevic and Ms. Schwarz and offered to answer questions. Alderperson Robinson asked if the software being considered is cloud-based. Ms. Rajcevic said the majority of vendors are offering cloud-based programs in today's marketplace. Alderperson Robinson asked if SAS or Pass as a service or platform as a service. Ms. Rajcevic responded that for the most part you pay for the implementation for the first year and ongoing software fees after that. Alderperson Robinson asked about support after implementation and if the change in software would be a lift and shift of current programs or the implementation of a brand-new system. Ms. Schwarz explained that the current software utilized by the City is completely different than what is available on the market today. Cloud-based programs are continuously updated, which would necessitate a completely new implementation and that the recommendation would likely be a cloud or vendor hosted program.

Alderperson Robinson asked if support would be provided after implementation or if it would be the responsibility of the City. Ms. Schwarz said that for cloud solutions and most of the managed services will shift managing the data center and updates to the vendor. However, some vendors charge more and some vendors provide the option for the organization to take more of the data management. She said this will be a very detailed part of the RFP. Alderperson Robinson asked about the process of authentication. Mr. Bain said the City is already pursuing multi-factor authentication and the security component of the finance software is a goal of the project.

Alderson Robinson asked if there are considerations for an exit plan to enable the City to export information from the software in the event that something goes wrong with the software. Ms. Schwarz said there are disaster recovery plans provided by vendors in the event that there is a decision to back out but that there is not a clear answer available at this time since there hasn't been a need to end a contract and export data. She said it will be a portion of the contract and recommended the City discuss it with the selected vendor. Mr. Bain said the City is already experiencing information transfer issues with the current system. Alderson Robinson asked if the transfer of legacy data is being considered. Mr. Bain said the timeframe for information being retained and how it will be retained is a part of what is being examined in the process of selecting software. Alderson Robinson encouraged City staff to be mindful of who will own the data stored by the service.

Alderson Gilbert asked if Plante Moran will continue to consult with the City after a software vendor is selected to ensure the new program works. Mr. Bain said the programs would be run parallel to ensure it meets the needs of the City. Ms. Rajcevic said Plante Moran is currently contracted to work with the City through vendor selection and contract negotiation but that their proposal included the potential to support the implementation. Alderson Robinson recommended utilizing fluid deadlines to allow for versioning changes and project item changes without paying additional fees.

DOWNTOWN PROJECT UPDATE

Public Works Director Mike Bartels addressed Council regarding improvements for the downtown. He introduced Quad Cities Chamber Downtown Rock Island Director Jack Cullen and representatives Jason McKenzie of Veenstra and Kimm, Solani Sheth of Streamline Architects, and City Engineer Mike Kane who are available to answer specific questions. Mr. Bartels said the objectives for the evening are to provide Council with an update on the plans for improvement, seek Council support for the design, and seek Council approval for the contract for design and engineering services on the agenda for the regular Council meeting. He said the information presented tonight is not the final product and could change varying from public input which is included in the project timeline. Additionally, City Council will have final approval on designs and concepts.

Mr. Bartels referenced the rendering provided by Veenstra and Kimm to demonstrate what the downtown could look like and clarified that final approval was not being sought tonight. He reviewed the project timeline for the remainder of 2023 and into 2024, highlighting the start of construction in February or March 2024, the public input period, design meetings, and approval of final design concepts in June 2023. Alderson Hurt asked why there is a 6-month period between Council approval of the design and the approval of the final drawings. Mr. Bartels said necessary surveying takes a lot of time and the environmental impacts required to be submitted with the grant for federal funding could take three months to get approval for the project area. He said requirements for being within the Downtown Historic Area will also add to the timeframe. Alderson Hurt asked if some of the work could be completed before June and if there may be a more streamlined approach. Alderson Gilbert asked if the engineering portion of the project would occur and if that was included in the 6-month period from June to December. Mr. Bartels responded affirmatively. Mr. Bartels said that the plan is to present this as one project scope and bid it as alternates to allow parts of the project to be separated if desired. Alderson Robinson asked if the timeline could be shifted up. Mr. Bartels responded affirmatively.

Mr. Bartels said the scope of the grants was submitted with 18th Street from 1st to 3rd Avenue. He provided a picture of a map that showed in red the First Avenue project that has already been approved by Council. The approval of IMEG engineering has been in progress, has been included in the Capital Improvement Plan, and will hopefully be included on a fall IDOT letting for construction in late 2024 for the start of construction in late spring of 2025. He said this project would be approximately one year behind the downtown project. He referenced the diagram and indicated the area that was included in the Tax Increment Financing (TIF) district and noted the design has been completed. Alderson Healy asked what the amount was of the previous bid. Mr. Bartels said it was approximately \$3.5 million and the yellow areas of the diagram are estimated at about \$7.3 million. Alderson Parker clarified that the City has an alliance with the QC Chamber.

Mr. Bartels explained that the area selected included 18th Street, the area considered the core of the downtown, Schweibert Park, and the pedestrian mall. He said Arts Alley was also included with the receipt of the grant specific for that area. Many of the items included were identified by previous public input. He said proposed changes would address longtime problems for the downtown area including

drainage. Mayor Thoms asked if this project included sidewalks. Mr. Bartels said this project included reconstruction from building face to building face including streetscaping, lighting, pavement, new utilities, water sewer, storm sewer, and tree scaping. He indicated these changes would be the same for the area indicated in red even though that is a separate project. Alderperson Gilbert clarified that the yellow area included street reconstruction. Mr. Bartels responded affirmatively and said previously plans included alternatives to reduce cost but this would be complete street reconstruction.

Mayor Thoms asked if the sidewalks would be widened for café seating. Mr. Bartels responded affirmatively. Mayor Thoms asked if the alley ways in the downtown were City-owned. Mr. Bartels responded affirmatively and said the only two proposed for improvement were indicated in yellow in addition to Arts Alley. Alderperson Poulos asked why the indicated alleys were selected. Mr. Bartels said the alley between 20th and 21st was selected because of the lack of drainage without a storm sewer in the area. Alderperson Poulos asked if the commercial use of the alleys would be negatively impacted during the reconstruction. Mr. Bartels said everyone would be impacted by the project and they will attempt to minimize them. He said there will be advance notices beforehand and ongoing notices during the construction. Many of the areas will be shutdown, possibly in phases, to complete work more quickly and minimize the amount of time that the area is impacted. Alderperson Poulos asked if the alleys adjacent to the Federal Courthouse would be impacted. Mr. Bartels said the Federal Courthouse ties into the sidewalk area for the new parking lot and assessment is ongoing to address additional concerns in the downtown area in future planning.

Mr. Cullen addressed Council on behalf of the Rock Island Downtown Alliance (RIDA) and expressed gratitude for the opportunity to co-present to Council and excitement for the proposed capital improvements for the downtown. He said proposed changes will add safe dependable infrastructures, dramatic enhancements in the core of downtown to encourage more private investment, improve quality of life and increase civic pride for the City of Rock Island. He said this project is an opportunity to implement input from downtown stakeholders and the public including information from the 2015 downtown revitalization plan, which is still relevant today.

Mr. Cullen said Illinois Causality Company would donate their part of the property and match \$100,000 for development of a dog park. Elements in the development of the dog park would include fencing, shade shelters, benches, dog waste bags, trash receptacles, turf grass, string lights, a camera, and signage to include murals. He said this development would enhance the streetscape to include proper curb and parking facilities. Mr. Cullen said the development of the alley way to the south of the proposed dog park would address drainage issues and support private investment on 20th street and the area around the dog park. He said this is an opportunity to develop a pedestrian friendly thoroughfare between those two parts of the downtown. He said the next closest dog park is about 7 miles away from the downtown area in the southwest section of the City.

Mr. Cullen referenced a potential visual rendering of the development of Arts Alley located at the 1700 block of 2nd Avenue. He said it was created in 1994 by the City as a form of infill after a building was demolished, which is why it is much wider than a typical alley way. He said this project is supported by state funding as a potential tourist attraction. Large scale murals, string lighting – enhanced lighting is a priority, frames to display local interchangeable art, dedicated entertainment/performance space, temporary rentable vendor space for use in popup programs, and visually appealing, and movable closures of bollards for pedestrian safety. Mr. Cullen said this development would positively impact tourism as 68 percent of that is driven by the arts and culture according to Americans for the Arts, and they spend twice as much as other tourists.

He reviewed the proposed pedestrian mall as the core of the downtown capital improvement project with the other components radiating from this project. The proposal includes components of underground infrastructure as well as above ground, which includes a shared street or festival street, 25 to 30-foot-wide sidewalks at street level, and two lanes for traffic separated from pedestrian areas by bollards. This would prioritize pedestrian foot traffic in the downtown and enhance accessibility for maintenance. He said the wide sidewalks would support business retention and attraction through dedicated outdoor dining structures and spaces with the opportunity to create the spaces uniformly throughout the downtown. This would support modernization and support businesses recovering from the pandemic through increased foot traffic and enhanced footprints. Alderperson Swanson said there would be no parking on this street. Mr. Cullen responded affirmatively and explained parking discussions will be

ongoing and that there may be temporary parking to accommodate for the increase in restaurant carryout and delivery orders.

Mr. Cullen said closures of the street for festivals and events would also be maintained for programming the space. Alderperson Robinson asked if more issues would occur by allowing vehicles through for deliveries but not having parking available. Mr. Cullen said traffic flow, enhanced accessibility for maintenance and emergency vehicles, and width of the sidewalks were considerations in the design. He said parking would cut down the sidewalks. Alderperson Robinson said it is confusing to allow for traffic to drive through without having the ability to park. Mr. Bartels said short term parking and parking on both sides were discussed with downtown business owners impacted most and the consensus was a desire for space for outdoor dining. Mayor Thoms said this kind of format is advantageous for quickly picking up elderly or handicapped patrons from businesses to provide ADA accessibility. Alderperson Swanson said outdoor dining is not desirable next to parked vehicles. Mr. Bartels said this design supports access for emergency vehicles and Public Works vehicles for staff to perform maintenance. Alderperson Healy asked how wide the area would be to accommodate two lanes of traffic and 50 feet for sidewalks. Mr. Bartels said it is approximately 60 feet.

City Manager Todd Thompson asked if the area to the west of the plaza was larger in the photo and indicated that north of the area in the design image has two lanes of traffic, parking, and sidewalks. Alderperson Hurt said the proposed plan is the best way to redesign the area. Mr. Cullen said the alleyway that connects 2nd and 3rd Avenue would create a welcoming pedestrian thoroughfare and support continuity of the same atmosphere of the core of downtown. Alderperson Gilbert asked if this was a final design for the pedestrian mall. Mr. Cullen said it is a proposal that considers accessibility needs for emergency vehicles, maintenance vehicles, and patrons. Mr. Bartels said this proposal is the product of previous public input. Mayor Thoms said that empty conduit would allow for underground wiring for sound and music in the downtown. Mr. Cullen said electrical hookups are available with the lighting structures and would be available in the streets. Mayor Thoms said he would like wi-fi to be an amenity in the downtown.

Mr. Bartels said electrical vehicle charging stations in certain areas are also a part of the proposed project and may be in collaboration with Metro Link. In response to a question from Alderperson Healy, Mr. Cullen said the ability to program the area and hold events, such as concerts, is being preserved. Alderperson Hurt said he is in support of the proposal and asked if there has been discussion regarding a gate system or movable concepts for blocking vehicle access. Mr. Bartels said we would likely not use the previous gate system but hydraulic, movable bollards have been assessed. Alderperson Hurt asked who would maintain the dog park. Mr. Cullen said that would be discussed potentially as an enhanced services contract between the City and the RIDA. The turf product has a higher initial cost but is comprised of odor and bacteria fighting material which would require flushing a few times a year depending on use. Alderperson Hurt asked who would be responsible for littering and dog waste specifically. Mr. Cullen said dog waste bags and receptacles would be added and other aspects are still being worked out.

Alderperson Gilbert expressed concern for maintenance of the dog park with limited parks and public works staff to maintain current facilities. Alderperson Hurt said the park would likely require daily maintenance. Mr. Cullen said some patrons would cleanup after their pets and that controls would be necessary for individuals who would not. He said one of the goals of the downtown alliance is to encourage private investment, improve quality of life, and the benefit of potentially enhanced beautification in the downtown, which may be consistent with tasking the RIDA with maintaining the dog park. Mr. Cullen said the Downtown Davenport Partnership has a separate contract for cleaning services to maintain the skybridge and parking garages. He said Arts Alley, the dog park, and other identified spaces could be identified areas of focus for the downtown alliance for cleaning and maintenance.

Alderperson Gilbert said events, concert, festivals, and programing for the pedestrian mall are necessary to bring people to the downtown space outside of Schweibert Park. Mayor Thoms said 1st Avenue will be undergoing a diet in the next year or two to make it more pedestrian friendly. Mr. Cullen said the 1st Avenue project is an extension of the improvement being made in the downtown. Alderperson Healy asked how much of the available \$7.3 million are being utilized for the 1st Avenue project and expressed concern of the amount of work needed under the surface. Mr. Bartels said the 1st Avenue project is about \$3.5 million of which there are grants funds of \$2.6 million available from a

surface transportation block grant (STBG), and the remaining \$800,000 is included in the CIP and funded with motor/fuel tax funds. Alderperson Healy said the more funds available for use in the downtown will increase and improve the services available, which will elevate the City. Mr. Bartels said there is a total investment of over \$10 million dollars over the next three years.

Alderperson Parker said that Council calls for more strategic thinking, more aligning of plans and budgets to inform the actions of the City and he is impressed by the use of planning that has informed the scope of this proposed project. He said he is delighted to see nine different recommendations from the 2015 downtown revitalization included in the proposed project and the use of strategic planning of Public Works, Jack Cullen, the RIDA, and City Council. Mr. Cullen reviewed the sources of funding including \$1.5 million in downtown TIF funds, \$2.5 million in Federal ARPA funds, \$3 million in State of Illinois Rebuild Downtowns and Main Streets Capital Grant Program funds, \$267,181 in State of Illinois Tourism Attraction and Festivals Grant Program funds, and \$112,730 in private donations for a total of \$7,379,911.

Alderperson Gilbert asked who is paying for the lighting service of the WHBF tower. Mr. Bartels said that putting up the lights is part of the proposed project. Mayor Thoms said the station would pay for the electricity. Mr. Cullen said there are discussions with the WHBF general manager to explore the feasibility of lighting the tower. Mayor Thoms announced that RIDA board member John Chow was in attendance and thanked him for attending. Alderperson Healy asked if an alliance meeting was scheduled for the following day. Mr. Cullen responded affirmatively and said the meeting would be held at the Illinois Casualty Company from 3:30 p.m. to 5:30 p.m. He said Mr. Thompson is on the board with 12 other board members. Mr. Cullen invited the public to attend the meeting and directed participants to sign in at the front desk.

MOTION TO ADJOURN.

MOTION:

Alderperson Poulos moved to adjourn; Alderperson Gilbert seconded.

VOTE:

Motion PASSED on a 7-0-0 roll call vote. Aye: Poulos, Healy, Robinson, Hurt, Gilbert, Swanson and Parker. Nay: None. Absent: None.

Meeting ended at 6:22 p.m.

Memorandum Public Works Department

To: City Manager
Subject: Southwest Treatment Plant By-Pass Pump Rental ARPA Funding
Date: April 25, 2023
Number: 2023-081

The Public Works Department is requesting approval to utilize ARPA funds for the Southwest Treatment Plant (SWTP) By-Pass Pump Rental.

As part of the American Rescue Plan Act (ARPA) funding endorsed by the City Council, \$2,650,000 was allocated towards replacing the current SWTP pumping station.

On March 6, 2023, the pump in the SWTP pump station became plugged with rags and other debris. A contractor was called in to pull the pumps and clear the clogs. While trying to close the valves that isolate the pumps from the wastewater flow, the valves failed preventing the pumps from being removed. Without working isolation valves, wastewater cannot be prevented from entering and flooding the chamber containing pumps when the pumps are disconnected from the piping. A quote for the emergency valve replacement has been received from Electric Pump of Des Moines, Iowa in the amount of \$46,232.53.

The valve replacement and pump servicing work necessitates the existing pumps be by-passed. To perform the by-pass pumping, temporary pumps were installed by Rain for Rent. The estimated cost of the installation and rental of the temporary pumps for three months is \$111,579.16.

The valve replacement is part of the work necessary to replace the pump station at the SWTP and only affects the scope of the project.

The Public Works Department is requesting the use of the ARPA funding that was allocated towards the SWTP pumping station to cover the costs of the valve replacement and the rental pumps.

Recommendation

The Public Works Department recommends that the City Council approve in ARPA funding for the payments to Electric Pump, Des Moines, Iowa and Rain for Rent, Joliet, Illinois.

Public Works Department**

To: City Manager
Subject: 2023 Seal Coat Program
Date: April 25, 2023
Number: 2023-079

The Engineering Division opened bids for the above referenced project on Tuesday, April 25, 2023. A copy of the bid tabulation is attached.

The invitation to bid was advertised in the Rock Island Argus on April 12, 2023 and April 13, 2023 and was also posted on the City website on April 10, 2023. The following contractors were contacted on April 10, 2023:

Brandt Construction	Langman Construction
Centennial Contractors	Miller Trucking and Excavating
Valley Construction	McClintock Trucking and Excavating
Walter D. Laud, Inc.	

The low bid is from Valley Construction Company, Rock Island, Illinois, in the amount of \$108,157.00, which is 54% lower than the engineer's estimate of \$234,958.00. Valley Construction Company is listed with the Illinois Department of Transportation as a prequalified contractor and met the requirements to bid.

Recommendation

It is recommended that the City Council award the bid to Valley Construction Company, Rock Island, Illinois, in the amount of \$108,157.00 and authorize the City Manager to execute the contract documents and the Public Works Department to execute the necessary change orders.

Memorandum
Community and Economic Development Department

To: Rock Island City Council
Subject: Nuisance, Weeds & Grass Penalties
Date: April 28, 2023

Staff in both the Public Works and CED Departments have been collaborating on an improved and more streamlined process for addressing both nuisance violations as well as weeds & grass violations. The former commonly includes garbage and junk material in the yard and the latter refers to grassy vegetation over ten inches. At present, the enforcement process can take several weeks to complete. It involves potentially three different notices to a property owner before the City can undertake abatement. It also involves an ineffective and arbitrary fee structure. This process is different than those seen in neighboring communities which move more quickly to abate nuisances.

The new enforcement process is basically reorganized into two steps.

1. Upon detection of a nuisance, the CED Department will send a courtesy notice to the property owner asking them to abate the nuisance themselves within seven days. The notice will inform them that they can, in the case of junk, request a special pickup from the Public Works Department and doing so successfully, regardless of it taking place within the seven-day window, will be considered compliance. No penalty fee is charged with the courtesy notice.
2. If the property owner fails to abate the nuisance or request a special pick up, then the Public Works Department is empowered to immediately abate the nuisance. This means clearing junk off the property and/or mowing the lawn. There is no penalty fee charged, instead the cost of abatement is simply billed to the property owner on their utility bill.

Staff feel strongly that penalty fees are unnecessary and do not change behavior. The goal is not to penalize in any case, but to achieve compliance. As for due process, property owners may still appeal a citation as they always have been able to, but they have to reasonably demonstrate that a nuisance is not present.

Recommendation:

The Community & Economic Development Department, in consultation with the Public Works Department, recommends that the City Council approve the ordinance updating the respective penalties for nuisance violations as well as weeds & grass violations.

Submitted by: Jerad Irvine, Building Official
Miles Brainard, Community & Economic Development Director

Approved by: Todd Thompson, City Manager

AN ORDINANCE AMENDING THE PENALTIES FOR NUISANCE VIOLATIONS IN CHAPTER 7 AS WELL AS WEEDS AND GRASS VIOLATIONS IN CHAPTER 13 OF THE CODE OF ORDINANCES OF THE CITY OF ROCK ISLAND, ILLINOIS

BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF ROCK ISLAND, ILLINOIS:

Section One: The City Council finds that it is in the public's interest that all properties be maintained in good condition free of nuisances and overgrown vegetation. To that end, it is hereby determined that the penalties for said violations shall be amended so that they are more analogous to neighboring communities, ensure greater uniformity of enforcement, and allow for more rapid abatement by the City when required.

Section Two: Chapter 7, Section 234 of the Code of Ordinances of the City of Rock Island, Illinois is hereby removed and wholly replaced as follows.

SEC. 7-234. PENALTIES FOR NUISANCE VIOLATIONS. Any person violating the provisions of this article shall be subject to the following penalties.

1. Upon detection of a nuisance violation, the respective property owner shall be issued a courtesy notice directing them to abate the violation within seven (7) days of the date of the courtesy notice. No fine shall accompany the courtesy notice.
2. If the property owner fails to abate the nuisance within seven (7) days of the courtesy notice, the City shall be empowered to abate the nuisance. The Building Official and the Public Works Director, or their respective designees, shall direct the abatement by either City staff or a contractor. The costs incurred by the City to abate the nuisance shall be charged to the property owner on their municipal utility bill, in the form of a lien on the property, or in any other manner consistent with the Code of Ordinances. Further, the City Attorney is authorized and directed to initiate litigation in court to recover costs incurred.
3. A property owner who has been cited and had a nuisance abated on their property by the City three (3) or more times in a one (1) year period shall be considered a habitual violator. Habitual violators shall receive notice that they are so considered and said notice shall inform them that all subsequent violations shall result in immediate abatement by the City without additional courtesy notices. The costs incurred by the City to abate the nuisance shall be charged to the property owner in the same manner as above. Designation as a habitual violator may be discontinued when the property owner in question has not been cited for a minimum of one (1) year.
4. Property owners may appeal a nuisance citation to the Community & Economic Development Director. Said appeal must be in writing and explain how there is not a nuisance violation present. The appeal must be delivered to the Director prior to the end of the seven (7) day period following the issuance of the courtesy notice. Appeals received late shall not be considered. The Director shall have seven (7) days to review the appeal

during which time no abatement or further enforcement action by the City shall be taken. The Director may reject the appeal on the grounds that a nuisance violation is present or, if convinced that no violation is present, dismiss the citation. If the appeal is rejected and the nuisance violation remains present, the City may proceed with abatement immediately.

Section Three: Chapter 13, Section 38 of the Code of Ordinances of the City of Rock Island, Illinois is hereby removed and wholly replaced as follows.

SEC. 13-38. PENALTIES FOR WEEDS AND GRASS VIOLATIONS. The Building Official may provide for the removal of weeds and grass over ten inches (10") in height on private property within the City. The term "weeds and grass" shall be defined to include all annual and perennial vegetation other than trees and shrubs. This term shall not be defined to include cultivated flowers and gardens including but not limited to native plantings used as wildlife habitat; used to control soil erosion; and/or used to manage storm water. Any person violating the provisions of this article shall be subject to the following penalties.

1. Upon detection of a weeds and grass violation, the respective property owner shall be issued a courtesy notice directing them to abate the violation within seven (7) days of the date of the courtesy notice. No fine shall accompany the courtesy notice.
2. If the property owner fails to abate the nuisance within seven (7) days of the courtesy notice, the City shall be empowered to abate the nuisance. The Building Official and the Public Works Director, or their respective designees, shall direct the abatement by either City staff or a contractor. The costs incurred by the City to abate the nuisance shall be charged to the property owner on their municipal utility bill, in the form of a lien on the property, or in any other manner consistent with the Code of Ordinances. Further, the City Attorney is authorized and directed to initiate litigation in court to recover costs incurred.
3. A property owner who has been cited and had a nuisance abated on their property by the City three (3) or more times in a one (1) year period shall be considered a habitual violator. Habitual violators shall receive notice that they are so considered and said notice shall inform them that all subsequent violations shall result in immediate abatement by the City without additional courtesy notices. The costs incurred by the City to abate the nuisance shall be charged to the property owner in the same manner as above. Designation as a habitual violator may be discontinued when the property owner in question has not been cited for a minimum of one (1) year.
4. Property owners may appeal a weeds and grass citation to the Community & Economic Development Director. Said appeal must be in writing and explain how there is not a weeds and grass violation present. The appeal must be delivered to the Director prior to the end of the seven (7) day period following the issuance of the courtesy notice. Appeals received late shall not be considered. The Director shall have seven (7) days to review the appeal during which time no abatement or further enforcement action by the City shall be taken. The Director may reject the appeal on the grounds that a

weeds and grass violation is present or, if convinced that no violation is present, dismiss the citation. If the appeal is rejected and the nuisance violation remains present, the City may proceed with abatement immediately.

Section Four: All ordinances and parts of ordinances in conflict herewith are hereby repealed insofar as they do so conflict.

Section Five: This ordinance shall be in full force and effect from and after its passage and approval, as required by law.

Memorandum

Community and Economic Development Department

To: Rock Island City Council

Subject: Sale of City-Owned Real Estate

Date: April 25, 2023

Breshawn Hawthorne of 2301 W White Avenue, McKinney, TX has applied to purchase 1224 24th Avenue (PIN 1611107023) from the City for \$1,500.50 plus closing costs. The property was originally two lots that were combined. One lot was acquired in 2018 via tax auction for \$658.00, and the other lot was acquired in 2012 via tax auction for \$842.50. Mr. Hawthorne plans to develop the land into either a new single-family home or duplex. Based on its current condition, the annual property tax revenue that would be generated by the property if sold is estimated to be \$150.00. The subject property is approximately 10,400 square feet and zoned R2 (Two Unit Residential). A map of the parcel is attached.

The following things are true or will be achieved by this sale.

1. The property is not currently used by a City department and/or does not have a municipal function.
2. The property is vacant and/or has no foreseeable use by the City.
3. The property is a non-performing or under-performing asset and value can be generated by its sale.
4. Economic development opportunities can be generated by selling the property.
5. The City will be relieved of potential liabilities and/or costs associated with maintaining a non-income generating property or one that does not provide a public benefit.
6. The proposed use of the property complies with the Comprehensive Plan and other relevant City plans.
7. The sale of the property will result in returning the property to the tax rolls.

Recommendation:

The Community and Economic Development Department recommends that the City Council approve the sale of 1224 24th Avenue to Breshawn Hawthorne for \$1,500.50 plus closing costs; authorize the City Manager to execute the sale agreement; and consider the ordinance.

In consideration of the mutual covenants set forth in this Agreement and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Seller and Purchaser agree as detailed on the following pages.

TERMS: The Purchaser agrees to purchase from the Seller and the Seller agrees to sell to the Purchaser the real estate described on the attached Exhibit A for the total sum of one thousand five hundred dollars and fifty cents (\$1,500.50) to be paid as follows:

\$0	EARNEST MONEY held in escrow by Meridian Title Company as a part of the cash at closing, the receipt of which by said title company shall be evidenced to Seller with delivery of this Offer.
\$1,500.50	CASH PAYMENT at the time of closing.

POSSESSION: Possession shall be at the time of closing.

EVIDENCE OF TITLE: Within a reasonable time, Seller shall deliver a commitment for title insurance issued by a title insurance company regularly doing business in the county where the subject property is located, committing the company to issue an owner's policy in the usual form insuring merchantable title to the subject property in the Purchaser for the amount equal to the purchase price. If title evidence discloses exceptions other than those permitted under the rules for examination for abstracts of title adopted by the local County Bar Association, Purchaser or Purchaser's attorney shall give written notice of such exceptions to Seller within a reasonable time. Seller shall have a reasonable time to have such title exceptions removed, or, any such exception which may be removed by the payment of money may be cured by deduction from the purchase price at the time of closing. If Seller is unable to cure such exception, then Purchaser shall have the option to terminate this Agreement in which case Purchaser shall be entitled to a refund of the earnest money. Furnishing a title insurance policy insuring over an exception shall constitute a cure of such exception.

CLOSING: The Parties acknowledge that time is of the essence to this agreement. Closing shall take place within ninety (90) days following the approval of this agreement by the Rock Island City Council. Parties agree to close at the offices of the City Attorney. The purchaser agrees to pay all closing fees associated with the transaction including all legal, title, and recording fees. Failure by the purchaser to close within ninety (90) days without a written extension issued by the City shall render this agreement null and void. Any closing costs incurred prior to the agreement being rendered null and void shall be paid by the Purchaser to the City.

AGREEMENT FOR THE SALE OF CITY-OWNED REAL ESTATE AT 1224 24TH AVENUE

CONVEYANCE OF TITLE AND DOCUMENTS OF SALE: The title to be conveyed shall be by Quit Claim Deed to Purchaser and free and clear of all liens and encumbrances not herein specifically waived or assumed by Purchaser. The parties agree to execute any transfer declarations or other documents required by the state, county or municipality in which the subject property is located, as well as any documents required by the title insurance company in order to issue title insurance. All parties agree to comply with the provisions of the Real Estate Settlement Procedures Act of 1974 (RESPA).

PRORATIONS AND ADJUSTMENTS: The following items shall be prorated at closing as of the date of delivery of possession:

1. Real estate taxes, based on the most recent tax information available, which, in the absence of fraud, shall be final;
2. Rent, if any, (with transfer in full of any security/damage deposit);
3. Other income and operation expenses, if any;
4. Special assessments, if any.

EXPENSES OF TRANSFER:

Purchaser shall pay:

1. Broker's commission, if any;
2. Cost of owner's title insurance policy;
3. Revenue stamps and recording of any releases; and
4. Seller's Closing Protection Letter, as required.
5. Recording fee for deed;
6. Assumption fee if mortgage assumed;
7. Cost of Purchaser's mortgage title insurance policy as required by mortgagee; and
8. Purchaser's and Lender's Closing Protection Letters, as required.

Each party shall be responsible for their own attorney fees, if any.

DEFAULT: If Purchaser fails to make any payment or to perform any obligation imposed upon Purchaser by this Agreement, Seller may serve written notice of default upon Purchaser and if such specified default is not corrected within ten (10) days thereafter, Seller may accept the earnest money and any additional down payment as damages or may pursue any available legal remedy including specific performance. In the event Seller fails to perform any obligation imposed upon Seller by this Agreement, Purchaser may serve written notice of default upon Seller and if such default is not corrected within ten (10) days thereafter, earnest money and any additional down payment deposit shall be refunded to Purchaser without prejudicing the Purchaser's right to any available legal remedy including specific performance. In the event of default, the defaulting party shall be liable to the other party for reasonable attorney fees and expenses incurred by reason of the default.

AGREEMENT FOR THE SALE OF CITY-OWNED REAL ESTATE AT 1224 24TH AVENUE

CASUALTY CLAUSE: Seller shall cause to be kept in force the existing insurance, including fire and other extended coverage, on improvements, if any, on the subject property until title has passed to Purchaser or possession is delivered to Purchaser, whichever first occurs. Purchaser shall be responsible for insurance coverage upon taking title or possession of the subject property, whichever first occurs.

ESCROW: This Agreement will be closed through an escrow with Meridian Title Company, in accordance with the general custom of the community and in conformity with this Agreement. The funds held in escrow shall be paid out upon recording of the necessary documents and the vesting of merchantable title in the Purchaser.

ASSESSMENTS: Seller shall pay all special assessments which are a lien on the subject property as of the date of closing. Seller acknowledges that prior to the execution of this Agreement, Seller has no knowledge of or no notice has been received from any municipal authority concerning improvements which could result in a special assessment on the subject property. Tap on fees, if any, which exist for municipal services to the property shall be paid by Purchaser.

GENERAL CONDITIONS: This Agreement shall be binding upon the parties and their successors and assigns. Time is of the essence of this Agreement. This Agreement shall be governed by the enforced in accordance with the laws of the state in which the subject property is located. This Agreement contains the entire Agreement of the parties and no representations, warranties, or Agreements have been made by either party as set forth herein. No modification, waiver, or amendment of the Agreement shall be effective unless made in writing and signed by the parties. All representations, warranties and covenants made by the parties shall survive closing. Paragraph headings are for the convenience of reference and shall not limit or affect the meaning of the Agreement.

**Memorandum
Parks & Recreation Department**

To: Linda Barnes, Finance Director
From: John Gripp, Director of Parks & Recreation
Subject: ARPA Funds – Budget Adjustment
Date: 4/20/2023

Background:

The Parks & Recreation Department is requesting approval to utilize ARPA funds for the rehabilitation of Denkmann Park. The Department is replacing the basketball courts, refurbishing the park shelter, installing ADA walkways, installing an ADA drinking fountain, refurbishing the playground and installing new landscaping. The Department has been working with the CED Department to utilize HUD funding. The additional ARPA funding will allow for the completion of the project.

The Parks Department is requesting a total of \$100,000 in ARPA funding.

Fund	248	ARPA
Department	822	Parks
Cost Center	601	Grounds
Object Code	53806	Infrastructure Maintenance
Project Code	8222-674	Denkmann Park Rehab

Recommendation:

The Parks & Recreation Department recommends that the City Council approve a budget adjustment of \$100,000 in ARPA funding for the refurbishment of Denkmann Park.

**MEMORANDUM
FINANCE DEPARTMENT**

TO: Todd Thompson, City Manager
SUBJECT: Adjustment to the CY 2023 Budget

Number: 023-23
Date: 04/26/2023

The Community & Economic Development Department is requesting the following CY 2023 budget adjustment to allocate the remaining unexpended CDBG-CV funds to Friendship Manor. The total unexpended balance remaining as of 12/31/2022 is \$163,791.29 as outlined below:

Account Number	Account Name	CYTD Revised Budget	Y-T-D Expenditures	Available Budget
EXPENDITURES				
242-312801-54101-6899999	Contributions/Sponsorship	226,891.29	63,100.00	163,791.29

Please see the attached memo for additional information related to this adjustment.

Recommendation: Council approve the budget adjustment increasing the Community Development Block Grant Fund (242) expenditure budget by \$163,791.29

Submitted by: Linda Barnes, Finance Director

Approved: Todd Thompson, City Manager

Memorandum
Community and Economic Development Department
To: Linda Barnes, Finance Director
Subject: PY2023 HUD CDBG-CV Budget Adjustment
Date: April 26, 2023

The Community Development Division is requesting that the remaining \$163,792.24 in CDBG-CV funds be moved from PY2022 to PY2023. In December 2022, the City Council approved disbursing these funds to Friendship Manor and now, following negotiation, this budget adjustment is necessary to complete that disbursement.

During the early days of the COVID-19 pandemic and subsequent shelter in place orders, Friendship Manor made investments in changing over the main wireless internet service to the facilities to a more reliable fiber connection. Friendship Manor also purchased a collection of iPad devices so that residents could maintain contact with healthcare providers and family members during periods of isolation and social distancing.

In the months between the early days of the pandemic and today the demand for increased internet capacity has not lessened in any significant way. The WIFI transmitter equipment at the facility is aging and struggling to keep up with the day to day demands now placed upon it. To maintain reliable WIFI service that allows residents to connect with healthcare providers and family, Friendship Manor proposes an upgrade to the equipment. This will help the organization and residents remain prepared for any future situations that may arise which require isolation or social distancing.

Fund	242	HUD-CDBG-CV
Department	312	Planning & Redevelopment
Cost	801	General Development
Object Code	54101	Housing Rehabilitation
Project Code	6899999	Project/Grant

Recommendation:

The Community & Economic Development Department recommends that the Finance Department presents the above requested adjustment to Council for approval at the May 8, 2023 City Council meeting.

**Memorandum
Office of the City Clerk**

To: Todd Thompson, City Manager
Subject: Rock Island Grand Prix
From: Josh Adams, Deputy City Clerk
Date: May 1, 2023

Attached is a Plaza Activity / Event application along with supporting documentation for Plaza events from Roger Ruthhart for the Rock Island Grand Prix on Friday, September 1, 2023 from 5:00 p.m. to 11:30 p.m. for setup, and on Saturday, September 2 and Sunday, September 3, 2023 from 8:00 a.m. to 6:00 p.m.

This is the 28th year of the Xstream Rock Island Grand Prix powered by Mediacom.

City streets will need to be closed beginning at 5:00 p.m. on Friday, September 1. Streets can be re-opened early Monday morning on September 4.

Streets to be closed are 2nd, 3rd, and 4th Avenues between 17th and 20th Streets. Fourth Avenue will be closed at 24th Street for ease of detour, but will be open to local traffic to 20th Street. Also closed will be 17th, 18th, 19th, and 20th Streets north of 5th Avenue and south of 1st Avenue.

Organizers have also requested the use of a portion of Parking Lot C from Wednesday, August 30 through Wednesday, September 6, 2023 for the storage of equipment. Also requested is the closure of the north two lanes on 5th Avenue, which will be fenced as part of the YWCA parking lot from 18th to 19th Streets. Additionally, they have requested the option to fence off and use the eastern portion of the new City parking lot to provide space for small race team trailers, as the previously-used Bituminous Insurance parking lot no longer exists.

The only impact on the Plaza will be the closing of 18th Street south of 2nd Avenue and 19th Street from 2nd Avenue south.

The Grand Prix is requesting the waiver of the \$35 permit fee since the event results in a substantial positive economic impact for the city.

A certificate of insurance is pending.

RECOMMENDATION:

It is recommended that Council approve the requests for the Rock Island Grand Prix, including all street closures and use of the requested parking lots, and approve the waiver of the permit fee.

Dear City Officials,

The Xtream Rock Island Grand Prix is the world's largest and safest go kart street race. This is the 28th year it has been held on the Saturday and Sunday of Labor Day Weekend—September 2-3, 2023.

The event requires closing off city streets at 5 p.m. Friday, September 1 and they will be reopened early Monday morning, Sept. 4. Streets to be closed are Second, Third and Fourth Avenues between 17th and 20th Streets (Fourth Avenue will be closed at 24th St. for ease of detour but open to local traffic to 20th Street. On the other end, it may also be closed/fenced between 17th and 16th streets which is inconsequential since it is a one way). Also closed will be 17th, 18th, 19th and 20th Streets north of Fifth Avenue and south of First Avenue. This permit also requests the use of a portion of Parking Lot C from Wednesday, August 30 through Wednesday, Sept. 6 for the storage of equipment.

This year for the first time we would like to request the option of:

- 1) Closing the north two lanes on Fifth Avenue which, if needed, will be fenced as part of the former Zimmerman Used Car / YWCA parking lot from 18th Street to 19th Street. If lanes are closed, there will be Lane Closed Ahead barriers set up on Fifth Avenue at 17th Ave. This additional space may be needed due to the deteriorated condition of the former Rock Island Argus parking lot which leaves it mostly unusable for race teams. (See attached map)
- 2) We also request the option, if needed, to fence off and use the eastern portion of the new city parking lot (former site of parking garage) to provide space for small race team trailers which previously filled the Bituminous Insurance parking lot, which no longer exists. This portion of the new parking lot will be fenced into the pit area from Fourth Avenue to the alley. (See attached map)

The only real impact on the Plaza is the closing of 18th Street south of Second Avenue and 19th Street from Second Avenue south, although individual businesses may plan entertainment. Rock Island Police have an existing Operations Plan for the event. Rock Island Fire will hopefully again provide ambulance service at a cost agreed to with the city manager and fire chief. We will work with Downtown Director Jack Cullen to inform downtown businesses about the event.

Once again, this year we plan to have food vendors. They will be managed by LaTisha Howlett from Bayside Bistro, Rock Island, who will be in touch with the Health Inspector regarding these vendors. Euclid Beverage is a sponsor of the event and we are currently seeking a Rock Island liquor license holder to handle beer sales. Both will deal directly with the necessary city departments, not through the Grand Prix. The Grand Prix has a long track record of benefit to the community and working with its downtown neighbors. Because of the large positive economic impact the event has on the city, we ask that as in the past any permit fees be waived.

We are happy to answer any questions you may have, but look forward to working with various city departments as we have over the past 27 years.

Thank you for your consideration.

Hi Josh & Samantha,

Attached you will find our annual Event Application for the 28th year of the Grand Prix kart races.

There are 2 changes noted in the accompanying letter, and maps attached. If you have any questions, please don't hesitate to ask.

We will forward our Insurance contract as soon as we receive it from the underwriter, but it will be similar to last year. Hopefully there is nothing else that is missing, but let me know if there is.

- You are responsible for setting up, cleaning up and each of the applicable items on the attached Great River Plaza Operation Plan.
- You are required to have General Liability Insurance in a minimum amount of \$300,000.00 for Personal Injury and \$50,000.00 for Property Damage. The City of Rock Island should be named as an Additional Insured. Please attach copies of required insurance certificate. Insurance is to be submitted to the City Clerk a minimum of one week prior to the date of the event.
- Council approval is required for all activities on the Great River Plaza. Changes can only be made by contacting the City Clerk to obtain Council approval. Please note: requests for changes that require Council approval should be received by the City Clerk at least two weeks prior to Council meeting. Council can only act on items that are on the printed agenda for that meeting. Items that require decisions can no longer be added to the agenda once it is printed and distributed.
- Sound Amplification must be specifically requested.
- Alcohol sales require a state and local license, and alcohol sales must be in a properly demarcated area which prevents entry by minors in accordance with Chapter 3 of the Code of Ordinances of the City of Rock Island. You must also detail security plans establishing your system for checking identification and verifying age.
- Alcoholic beverages cannot be sold/served in glass or cans on the plaza. All alcoholic beverages will be served in plastic cups.
- If you are planning an entertainment venue or activity on the Plaza, you will need to hire an appropriate number of Police Officers as determined by the Police Department. Arrangements must be made at least one month prior to your scheduled event. You may contact the Agent assigned to the Office of Professional Standards at (309) 732-2402.

We, the undersigned (applicant and leader of the Sponsoring Organization for the activity / event(s) described on page one), have read and understand the ordinances and regulations that apply to the

Great River Plaza. We agree to pay the required fees and provide the certificate of insurance. We understand that these fees and the Insurance Certificate need to be provided to the City Clerk before the activity / event (s) can occur. We agree to share this information with the other members of the Sponsoring Organization and we will abide by all rules and regulations of the City of Rock Island and the State of Illinois in relation to our activity / event(s).
