**CALL TO ORDER**

Mayor Thoms called the meeting to order at 5:30 p.m. and welcomed everyone.

**THIS MEETING WILL BE CONDUCTED BY AUDIO AND VIDEO CONFERENCE WITHOUT A PHYSICALLY PRESENT QUORUM OF THE ROCK ISLAND CITY COUNCIL DUE TO THE DISASTER DECLARATION ISSUED BY GOVERNOR PRITZKER.**

**ROLL CALL**

Mayor Thoms asked City Clerk Samantha Gange to call the roll.

Present: Alderpersons Moses Robinson, Judith Gilbert, Jenni Swanson, Dylan Parker, Mark Poulos, Bill Healy, and Mayor Mike Thoms.

Absent: Alderperson Randy Hurt.

Staff: City Manager Todd Thompson, City Attorney Dave Morrison, City Clerk Samantha Gange, and other City staff.

**PUBLIC COMMENT**

Mayor Thoms asked if anyone in the public or virtually wished to speak. No residents volunteered in person or virtually.

**TOBACCO ORDINANCE UPDATE**

Community and Economic Development Director Miles Brainard addressed Council, and introduced the new Planning & Zoning Manager Tanner Osing. Mr. Osing reviewed the recent history of the

City's tobacco ordinance, and noted Council's desire to provide updated language and regulations on nicotine and vaping products. This was based on the six-month moratorium for new vape shops in the City that Council approved.

Mr. Osing said they considered two types of tobacco licenses for different types of retailers. Two categories differentiate between tobacco sales as primary or incidental to the business, which is based on the Smoke Free Illinois Act. The Class A category identifies retailers for which sales of tobacco, electronic cigarettes, nicotine products and more are less than 80 percent of the gross revenue, which would include convenience and grocery stores. The Class B category identifies sales of tobacco, electronic cigarettes, nicotine products and more generate more than 80 percent of gross revenue, and other sales are incidental. This would include tobacco and vape shops as well as cigar lounges.

Mr. Osing discussed regulations in reference to the zoning code as well as similar use zoning requirements. He noted that typically, zoning for things such as liquor stores have guidelines regarding distance from residential areas, and the goal is to do the same with the proposed Class B tobacco license. He reviewed staff recommendations, recommending that definitions be expanded to include vapes and other nicotine-containing products. Also, two separate business licenses should be established, both Class A and Class B according to retail activity. Both classes should be limited to B2, B3, and B4 zoning districts, and the Class B should be prohibited within 100 feet of residentially zoned parcels. He pointed to a map to illustrate parcels that would be allowed to locate as a Class B retailer.

City Attorney Hector Lareau addressed Council. He noted that existing businesses requiring Class B licenses but are non-conformities should be grandfathered in. He said there is an option to license vape shops per individual, as is done with liquor licenses, but another method would be to license the business that owns the shop itself. Additionally, Council could make the licenses contingent upon continued operations at the licensed location.

Alderman Swanson asked if the license would follow the individual if they left a location. Mr. Lareau said any relocation would need to be within one of the permitted locations, and it was possible. Mayor Thoms noted that the City could require the individual, as it currently is with liquor licenses, to start from the beginning of the application process. Alderman Gilbert asked Mr. Osing there appeared to be only one tobacco business located on 18<sup>th</sup> Avenue. Mr. Osing replied that the map only showed zones in which tobacco or vape businesses could be located. Mr. Brainard said Staff is attempting to achieve consistency with code enforcement, as it would assist the City in making the argument that there is fairness.

Alderman Gilbert asked if Essentials Plus was established prior to the vape shop moratorium. City Clerk Gange confirmed that they were. Alderman Gilbert asked if the tobacco license could be transferred to the individual or back to the business. Ms. Gange said the current application has the business name and applicant information. Mayor Thoms asked if that license would need to be changed if ownership also changed. Ms. Gange said the business would complete a new tobacco license application. Alderman Gilbert asked what the charge would be for the license. Ms. Gange said the proposed amount is \$250 for the Class B license, which would double what the current Class A category would be.

Alderman Robinson asked if that was consistent throughout the state. Ms. Gange said the only near-comparable situation is in Chicago, as other similarly-sized cities do not currently have anything of note. Alderman Robinson asked if Rock Island would be the only city in the area enforcing this type of license. Ms. Gange said that would be the case on the Illinois side of the Quad Cities. Alderman Healy said if the business name was in the license it would carry value. Alderman Robinson asked what was to be accomplished with the proposal. Ms. Gange said it appeared there was consensus amongst Council that vape shops should be limited. Mayor Thoms added that if the

proposal would be passed as is, current vape shops would be grandfathered in and could stay, and any new applications would follow new rules.

Aldersperson Robinson said he would prefer to see a map with the locations of all vape shops, or know how many are in the City. Mr. Brainard said Staff could create a map which shows current locations. Ms. Gange said there is not currently a process to regulate vape shops, and there are approximately seven or eight in the City. Mr. Brainard added that current tobacco license holders in the City total approximately 40. Ms. Gange noted there is currently nothing in City ordinance to distinguish vape materials. Mayor Thoms said many convenience stores sell electronic cigarettes, but most would likely fit into the Class A category.

Aldersperson Gilbert asked if the City should limit the number of new vape shops, or would the new zoning recommendation act as the limiting factor. Mr. Brainard said if a cap is placed on a type of business, it is seen as an arbitrary number and harder to defend as opposed to a uniform zoning requirement. Aldersperson Gilbert asked whether a vape store replacing an existing one would be allowed. Mr. Brainard said the new business would need to pursue a variance to the zoning code. Aldersperson Healy said if a business license were transferable to a business, that would be more valuable to an existing business owner. Mr. Lareau said if a business is licensed, that does not indicate that the license is transferable, only the business itself, in which the license would go with it.

Aldersperson Parker said a number of vape shops also sell glass pipes, and asked if there was research done on the subject. Mr. Lareau said he did not complete research on head shops and those items. Aldersperson Parker said there are a number of places within the City that sell glass pipes, and they are not required now, nor would they be required to have a tobacco license per the proposal. He suggested that regulating glass pipes by considering them tobacco paraphernalia may be important. He asked what the current legal status was for selling flavors for vapes. Mr. Lareau said the status is in flux, and his understanding is flavored liquids are allowed for use. However, vape pods that attach to electronic pens cannot be flavored with anything other than tobacco or menthol.

Aldersperson Parker asked if it was within the abilities of the City to regulate vape flavors in licensed businesses. Mr. Lareau believed it would be within the City's home rule powers to do so, but there may be a question of federal preemption. Aldersperson Parker expressed approval with the zoning map and the updates, and supported making the license go to the individual, not the business. He requested additional information on glass pipe sales, and suggested utilizing home rule authority to ban the sale of flavors for businesses licensed in the City. Ms. Gange noted that there have been other Illinois cities who have acted with regards to vape products and flavors. Aldersperson Parker asked if the aforementioned grandfathered businesses would not be allowed to sell vape flavors even if the banning of flavors was enacted. Mr. Lareau agreed that was true, but any business may have potential for takings arguments against the City for removing a predominant earning.

Aldersperson Healy noted that customers would go somewhere else for the items and sales would be cut in the City. Aldersperson Robinson noted that the exact number of vape shops is not known, and asked how the City would enforce any updated ordinance. Ms. Gange said because there is not a general business license, that would be correct. She said it could be determined with the new licensing period in May of 2023, and notify known tobacco-licensed businesses in the City regarding the changes to the ordinance.

Mayor Thoms asked for Council opinions regarding the proposed changes. Aldersperson Healy said he would want to have sales stay in the City as much as possible, and he is unsure whether to license the business or the individual. Aldersperson Poulos asked if vape flavors are something that would entice a younger person to begin vaping. Aldersperson Parker noted that was the purpose of the regulation. Aldersperson Poulos said he agreed with the concept of regulation, but that it was a slippery slope. Aldersperson Swanson said she believed the federal government will regulate flavors

regardless. Alderperson Poulos said he preferred a license stay with an individual. Mayor Thoms and Alderperson Gilbert agreed.

Alderperson Robinson asked if the point was to reduce the number of vape shops in the City to protect the youth or prevent undesirable businesses from being in certain areas, he would prefer to partner with local cities instead, as everyone should be involved in the issue. Mayor Thoms said the reasons were both image-related and a desire for moderation in the number of shops in the City.

Alderperson Swanson noted agreement, pointing to the large number of shops on 18<sup>th</sup> Avenue. She said the intention of the proposal is to place this type of businesses where similar ones are located, but not to run them out of town. Alderperson Parker said it appeared individual Council discussion regarding the proposal was still in need. Mr. Thompson said Staff still has some research to finish that would answer some questions and bring options back to Council.

Mr. Brainard said there is a deadline with regards to amending the Zoning Code on February 1, 2023 with any proposed changes. Those changes would come back to Council for final approval on February 15, 2023. If Council is amenable to the proposed zoning districts and hundred-foot separation, they should let Mr. Thompson know to help guide Staff. Ms. Gange noted that the moratorium on additional vape shops runs through December, and an extension to the moratorium will be available for Council to approve on December 19, 2022.

## **DOWNTOWN ROCK ISLAND PLACE MANAGEMENT AGREEMENT WITH QC CHAMBER OF COMMERCE**

Mr. Thompson discussed the downtown Special Services Area (SSA) organization place management agreement with the Quad Cities Chamber of Commerce. He added that the two documents of the agreement are preliminary drafts, and wished to get them before Council to provide an overview and hear initial questions, as well as give the public an opportunity to provide input.

Mr. Brainard discussed the document structure. The first is the agreement to provide place management services for the downtown, and has three exhibits. The first is considered the ordinance itself for the SSA establishment. The second consists of the bylaws for the downtown place management organization. The third consists of the chart of responsibilities included in the Development Association of Rock Island (DARI) agreement and the development agreement with the Chamber of Commerce. Mr. Brainard said the documents presented are based on those used by Bettendorf, Iowa for their downtown place management organization. The agreement document provides detail for the City's partnership with the Chamber of Commerce as the provider of services.

Mr. Brainard noted there is a deadline of March 31, 2023 for Council to select the initial board for the place management organization. June 30, 2023 is another deadline for the appointed board to establish an annual workplan, performance metrics, and a budget. He discussed other parameters of the agreement, including an annual review. Organization members would be appointed to an initial three-year term with options for two one-year extensions.

Mr. Brainard discussed the second document, which details the process of the place management organization. Involved are both the Chamber of Commerce and the Quad Cities Community Partnership (QCCP), which consists of all area downtown organizations. The organization would be responsible for running the Rock Island downtown area, and would have a board of directors and a staff member, or director, employed by the Chamber of Commerce; however, the board would still set the agenda for the downtown. He said the composition of the board would be 12 voting members, three of which would be the City Manager, the Mayor, and the Fifth Ward Alderperson. The CED Director and a high-ranking member of the Chamber of Commerce would be non-voting members. The remaining voting members would include two residents, three downtown business owners, three

property owners, and someone to represent the non-profit sector. The non-permanent members would have three-year terms, rotating in groups of three. There are policies in place for replacement or removal of board members, and meetings would be run in a manner similar to Council, including public announcements of any held meetings 48 hours in advance. He noted that the preference would be to have all meetings be in person.

Mr. Brainard discussed steering committees, or subset groups of the larger board. These would include nominating, budget, event, and livability committees, each with five members. They would be headed by a single board member, but would be filled with non-members to assist in having as many voices involved as possible. He said the Quad City Community Partnership would have authority to hire the actual downtown director, subject to board approval, and also recommend or deny the budget for approval. He referred to the discussed documents as a framework and not a detail of the operations.

Aldersperson Gilbert asked if the proposed agreement was similar to what the Chamber has with Bettendorf, Iowa. Mr. Brainard confirmed it was similar. Aldersperson Gilbert asked how the Chamber could provide capital, physical, or other improvements as detailed in the document. Mr. Brainard said one example of such an improvement would be if the Chamber secured a grant for benches in the downtown, the City would partner with the Chamber to have Public Works install them. Aldersperson Gilbert asked if the Chamber would be getting any tax money prior to the June 30, 2023 budget deadline for Council approval. Mr. Thompson said the agreement contemplates making SSA tax payments beginning quarterly with the execution of the agreement reflecting January 1, 2023. Mr. Brainard added the process would be sped up depending on the appointments to the board, directed by Council. He said the emphasis is to ensure a budget and workplan that is vetted by the board of stakeholders.

Aldersperson Gilbert noted sections G, H, and I in the agreement, and asked if those were the only ones referencing accountability. Mr. Brainard confirmed they were. Aldersperson Gilbert asked Mr. Thompson if he was comfortable with the stated accountability. Mr. Thompson said he felt it was adequate. Aldersperson Gilbert asked when Council would be able to view exhibit C. Mr. Brainard said it could be shared at any time, but did not include it as to not create confusion.

Aldersperson Robinson asked why an online voting member would not be allowed for the board. Mr. Brainard said if there is a desire by the board to meet remotely, and a majority of Council is in favor, that stipulation could be changed. City Attorney Morrison said he would research the breadth of the Governor's Executive Order for COVID-19 to ensure which bodies it covered beyond Council. Aldersperson Robinson asked why it was settled that the Fifth Ward Aldersperson be the representative Council member on the board. Mr. Thompson said that could be changed, but the Fifth Ward takes up a majority of the downtown area. Aldersperson Healy suggested flexibility for Council membership based on the initial board term and then future terms.

Aldersperson Healy noted the section of terms and conditions regarding the reporting of the downtown director to the Chamber with guidance from the board. He asked why the director would not report to the City Manager. Mr. Brainard said that individual would be an employee of the Chamber and not the City. Aldersperson Healy expressed concern that the director would not report directly to the City Manager. Mr. Brainard said a change to that designation would change the framework of the partnership. Aldersperson Swanson noted that other cities that are partnered with the Chamber have the same arrangement.

Aldersperson Gilbert referenced the responsibilities and general powers section of the agreement, and asked whether property management, acquisition, and development as listed were typical placemaking responsibilities. Mr. Brainard noted that economic development is a team sport, and different partners play different roles. He added that such language is the same that has been used in neighboring communities. Aldersperson Gilbert said the language was not in the SSA establishing

ordinance, and said the bylaws are expanding it again. Mr. Brainard said if there is a desire to amend the language, it can be done. Mr. Thompson noted that the Chamber can generate dollars aside from SSA dollars. Alderperson Gilbert asked how one could apply for the proposed board. Mr. Thompson said that was yet to be determined based on the comfort level of Council and the Mayor, but a special application will need to be created.

Alderperson Gilbert asked if nominations would go to the governing board or back to Council for approval. Mr. Brainard said the way the agreement is drafted would send nominations to the board. Alderperson Gilbert suggested the board create an annual calendar of meetings. She asked if there was a process to amend bylaws if the governing board prefers. Mr. Brainard said it could be added if it was not yet there. Alderperson Gilbert asked if the City could also have the ability to dissolve the Rock Island Downtown Alliance (RIDA) as the QCCP does. Vice President of Place Management and Executive Director of the Downtown Davenport Partnership Kyle Carter addressed this, stating that his team has not yet had the chance to evaluate the bylaws, and would attempt to answer that through legal channels. Alderperson Gilbert asked if that response would come back to Council. Mr. Carter said it would. Alderperson Gilbert asked who was responsible for debts and obligations. Mr. Brainard said if those are held by RIDA, RIDA would be responsible.

## **WATER PLANT POTABLE WATER DOMES AND PUMP STATION EVALUATION AND RECOMMENDATIONS**

Public Works Director Mike Bartels said CDM Smith would be providing an update on their findings from the City water dome and pump station inspections. He summarized the history of the evaluation contract between CDM Smith and the City, and added that CDM had a good knowledge of the City's water infrastructure based on previous projects. He noted that Public Works requested \$1.3 million of American Rescue Plan Act (ARPA) funds for the project. He introduced CDM Smith consultants Brandon Diffenderfer and Amarou Atassi to review the presentation.

Mr. Atassi gave a background on the scope of services provided and the facilities affected, including all four water storage domes, the high service pump station, and the wet well. He said the purpose of the presentation is to provide information on the assessment of current conditions, alternatives and recommendations, and what the proposed next steps and timeline would be. He noted that the Illinois Environmental Protection Agency (IEPA) sent the City a letter regarding a failed membrane liner on Dome 4, requesting that it be addressed, which was why CDM Smith was retained to conduct the assessment. He discussed the process of how the water comes to the storage domes and is distributed to a low pressure zone, where the pump station sends it to a high pressure zone.

Mr. Atassi discussed the firm's assessment of the domes. He noted their original construction date of 1938, and they are near the end of their use. He said they are not baffled, which is a requirement for any modern storage design, which allows serpentine flow. Mr. Diffenderfer further discussed the dome assessment, stating that the sides as well as the domes had issues, not unlike a home. The perimeter roof drains are clogged, and standing water on the roof could contaminate the finished

water supply. The tank access hatches have deteriorating concrete and corrosion at the welds, ensuring that they do not seal, allowing for water or insect intrusion. There are also issues with the tank vents, as they are in poor condition and do not conform to modern standards.

Mr. Diffenderfer reviewed the condition of the #4 tank liner, which was the original intent of the project. It is the only tank with a liner, and there are multiple tears, and the deficiencies extend below the water line. The last documentation of when the liner was installed was 1971, and the purpose for it is unknown. He then reviewed the history and conditions of the tank piping. Overflow piping is non-existent, which is a requirement by the IEPA and American Water Works Association (AWWA).

Mr. Diffenderfer reviewed the wet well and high service pump station conditions. The current condition does not meet IEPA or AWWA standards, and the drain lines from each dome have a cross-contamination risk with potable water. There are several openings without curbs on the wet well, which allows for potential contamination. There is a lack of ventilation for both the wet well and drain sump. The pump station pumps are showing corrosion and coating system failure, the suction and discharge header does not meet standards, and the pump meters are below water level, which increases the potential for flooding and failure. Mr. Diffenderfer noted the conditions of the HVAC and electrical system for the pump station.

Mr. Atassi discussed options for mitigation. The first is to rehabilitate the existing domes, which would be difficult to meet current design standards, and would require significant modifications. The second option is to construct new water storage domes, which would meet current design standards and provide isolation. New domes could be seamlessly constructed adjacent to the existing structures. He said the pump station and wet well conditions were more of a concern due to the potential for failure. Rehabilitating the pump station while keeping it in operation is not feasible, and the only way to address it is to build new.

Mr. Atassi discussed the estimated high-level cost for such projects. Rehabilitating all four existing domes would range between \$23 and \$29 million. Building new would cost \$20-\$32 million. Rehabilitating the high service pump station and wet well is not feasible, and building new would cost \$5 to \$8 million. The cost includes a 30% contingency due to undeveloped design details an engineering or contract administration. Mr. Atassi said there are funds within the CDM Smith engineering agreement to refine the concept of new storage facility and pump station. He added that a contingency plan should be developed for the pump station in the event of a failure.

Mr. Atassi discussed the next steps in their recommended process. This includes a design process for the pump hydraulics, initiating a design of the pump station and storage facilities, and a contingency plan for pump station failure. He said they plan to discuss potential funding sources with the IEPA by completing a project nomination form, and there is a possibility for grants. The liner in tank #4 would need to be replaced in the interim during the design process for new facilities, and the remaining engineering dollars under the contract would be utilized. He added CDM Smith plans to address Council in the spring of 2023 regarding the concept for new facilities. The proposed timeline for the project would include design services from 2023 through spring of 2024, and construction from the summer of 2024 to the summer of 2026.

Mr. Atassi fielded questions from Council. Alderperson Hurt asked where the information came from regarding the failing of the other domes, as they were retained to inspect dome #4. Mr. Atassi said they were to inspect that dome, but also perform a comprehensive assessment of all domes and the pump station. He added that inspections of the other domes were done from the outside, but internal inspections could not be done, as they were not drained. Alderperson Gilbert asked Mr. Bartels if the current water rate increase ends in 2025. Mr. Bartels said yes.

Alderperson Robinson said with the current conditions, the timeline is one-to-two years out for any mitigation, and asked what would be done for any situation until then. Mr. Atassi said because there

is redundancy in the domes, one line could be taken out and others utilized if there was a failure. He noted his main concern is the pump station. Alderperson Robinson asked if there would be a backup to the initial proposed plan. Mr. Atassi replied there is no backup, and in an emergency, water could not be obtained from a nearby community. Mr. Bartels confirmed that although Moline is interconnected, there is not enough volume to supply Rock Island. He added that Public Works looked into mitigation for dome #4 to address the EPA notification, but the cost outweighed the reasoning, and thus CDM Smith was retained.

Alderperson Hurt asked what possible funding opportunities existed. Mr. Atassi said the largest source would be the IEPA or federal EPA funds, but also State Revolving Funds (SRF) groups to determine opportunities to receive some principal forgiveness or grants. Alderperson Gilbert asked if a consensus from Council was needed. Mr. Thompson said if there were no objections, a more detailed project scope would be presented at a later time. Mr. Atassi added they would do engineering analysis to optimize volume needed for storage, which would bring cost savings.

## **DEVELOPMENT ASSOCIATION OF ROCK ISLAND (DARI) 4TH QUARTER UPDATE**

Development Association of Rock Island (DARI) Vice President Liz Tallman provided a 4<sup>th</sup> quarter report. She noted the end of the three-year agreement with the City for services, which was extended through Council approval at the previous meeting. She aimed to highlight what has been done in the 8 workplan component areas.

Ms. Tallman reviewed completed tasks within the first workplan area for the 4<sup>th</sup> quarter, business resources. This includes the FORWARD platform for businesses in the City to apply for grants and obtain resources. Business engagements included connecting with 68 businesses throughout the City. She discussed 2022 program grants provided to businesses and a breakdown of assistance to potential businesses. She noted the new businesses that came to the City during the three-year agreement period with DARI.

Ms. Tallman reviewed completed tasks within the second workplan area for the 4<sup>th</sup> quarter, business development. She said there were 89 economic development projects identified and managed in 2022, with \$65 million in capital investments underway. She discussed financial assistance that was facilitated to City businesses in 2022, including funding for the facade program.

Ms. Tallman reviewed completed tasks within the third workplan area for the 4<sup>th</sup> quarter, product development. She said DARI staff has worked to study and identify priority areas in the City for potential developers. She noted that site analyses are underway for Sunset Park and the former Norcross site, as well as some of the City-owned major properties.

Ms. Tallman reviewed completed tasks within the fourth workplan area for the 4<sup>th</sup> quarter, housing. She noted continued progress with the Live-Work Rock Island program, of which there were 14 transactions during 2022. She said implementation of the Round 11 grant is underway to provide an additional \$2.3 million in down payment assistance, and the program is very successful.

Ms. Tallman reviewed completed tasks within the fifth workplan area for the 4<sup>th</sup> quarter, marketing and communication. She noted the Why Rock Island campaign, which focuses on why the City is a good place to live, work, and do business. This included contributions from high school students, and two scholarships were created for winners of an essay contest for the program. There were also community marketing campaigns, and noted both the Brick and Motor Boutique program previously

presented to Council and the Holiday Shop Up Series, which was designed to attract businesses to move into storefronts and identify home-based businesses. Alderperson Gilbert thanked Ms. Tallman for starting the Holiday Shop Up.

### **AMERICAN RESCUE PLAN ACT (ARPA) UPDATE ON FOCUS GROUPS**

American Rescue Plan Act (ARPA) Program Manager Samantha Gange said a January 23, 2023 Council meeting would be devoted specifically for Council to review specific funding recommendations.

### **MOTION TO ADJOURN.**

MOTION:

Alderperson Healy moved to adjourn; Alderperson Hurt seconded.

VOTE:

Motion passed on a 6-0-1 roll call vote. Aye: Hurt, Gilbert, Swanson, Parker, Healy, and Robinson. Nay: None. Absent: Poulos.

The meeting adjourned at 6:28 p.m.

VOTE:

Motion PASSED on a 7-0-0 roll call vote. Aye: Hurt, Gilbert, Swanson, Parker, Poulos, Healy, and Robinson. Nay: None. Absent: None.

18. Report from the Community and Economic Development Department regarding a renewal of an intent to sell letter for Gorman & Company, Oregon, WI, setting the price for the entire Solomon Site at \$60,000 with a two-year term ending on December 31, 2025.

MOTION:

Aldersperson Robinson moved to approve the new intent to sell letter subject to minor attorney modifications; authorize the City Manager to execute the letter; and authorize staff to negotiate a purchase agreement for future Council consideration; Aldersperson Swanson seconded.

DISCUSSION:

Aldersperson Parker requested an update for the project. Community Economic Development Director Miles Brainard said there have been delays in the project due to the Illinois Housing Development Authority (IHDA) tax credit application changes. He said these tax credits are an important part of the funding for this project. Additional information is needed including site readiness and surveys for environmental remediation to reduce ponding.

Mr. Brainard said that Gorman & Company has been coordinating with the West End Renaissance Consultants to discuss working together. He said the project is still on track, but additional steps have been added due to the changes in the application process. He referenced packet materials and explained staff have finished acquisition of the lower block and Gorman will be utilizing additional time to shift the layout of their proposed development.

VOTE:

Motion PASSED on a 7-0-0 roll call vote. Aye: Hurt, Gilbert, Swanson, Parker, Poulos, Healy, and Robinson. Nay: None. Absent: None.

19. Report from the Community and Economic Development Department regarding an amendment to the Annual Action Plan, recommending the allocation of \$163,791.29 in remaining Community Development Block Grant-Coronavirus (CDBG-CV) funds be allocated to Friendship Manor, 1209 21st Avenue.

#### MOTION:

Aldersperson Gilbert moved to approve the disbursement of the remaining CDBG-CV funds to Friendship Manor; and authorize the City Manager to negotiate and execute a grant agreement; Aldersperson Swanson seconded.

#### DISCUSSION:

Aldersperson Robinson asked if there was an application process for these funds. Mr. Brainard explained that these funds are COVID relief funds, and the City previously chose to disperse these funds as small business assistance grants. Funds were awarded to businesses who suffered losses related to the pandemic as operation costs. As required, 80 percent of the funds were dispersed in the first two years and staff received feedback from Council to wait until an additional need was presented. He said ARPA fund discussions prompted discussions of the remaining COVID funds.

Mr. Brainard said dispersing funds requires the demonstration of how the pandemic impacted and the more time passes the more difficult that will become. He said the City needs to expend these funds and someone has come forward who is able to demonstrate high levels of ongoing impact from the pandemic and can provide needed documentation to staff. He said there was not an application submitted rather an expression of strong interest.

Aldersperson Robinson asked how this entity was selected. Mr. Brainard said it is the only entity that has come forward in the last year that has been eligible. Aldersperson Robinson opined there would have been additional interest if businesses were made aware of available funds. He expressed concern due to the lack of a project proposal or application for funds. Mr. Brainard said staff will follow Council's direction for how funds should be dispersed. He said at this time staff are recommending this expenditure of funds as it is an eligible use of funds that can be clearly documented.

Aldersperson Hurt said he was also concerned that others were not given the opportunity to apply for available funds. Mayor Thoms said funds were previously dispersed to businesses through the Forward program. Aldersperson Robinson said distribution was paused and now the funds are being allocated. He said resources were not used to generate interest in available funds. Mayor Thoms said a recommendation can be made by staff and funds can be allocated by Council without the requirement of a formal application process available to all.

Aldersperson Robinson said a discussion should take place before items for expending funds are added to the agenda to protect staff and Council. Mayor Thoms said Friendship Manor is a major employer in the City and employees could be at risk if the agency does not receive support. Aldersperson Hurt said there is inconsistency with implementing application processes and acknowledged Friendships Manor's need. Aldersperson Robinson said he would like consistency with expending funds to assist small businesses.

Aldersperson Parker said this feedback was a fair critique and has been previously discussed with regards to Community Development Block Grant funds and staff are working to develop better processes like the Community Development Commission which is unfortunately not in place yet. He said staff is responding to Council's suggestion to develop policies and program manuals to avoid similar situations in the future.

Aldersperson Swanson asked the amount of funds that were initially available. Aldersperson Healy estimated roughly \$879,000.00. Mr. Brainard said he did not recall the original amount but that the proposed expenditure amount was roughly 20 percent of the total amount. Aldersperson Swanson asked how many businesses received funds during the initial two rounds of expending of funds. Mr. Brainard

said that he was not certain of the number but commended the City for expending funds as grants and the amount of funds expended to businesses when they needed it most. He said processes for expending this money differs from other funds due to the nature of the funds and the sensitivity in timeliness in expending them.

Aldersperson Swanson asked if Friendship Manor received these funds previously. Mr. Brainard said they did not. Aldersperson Swanson said she will vote yes due to Friendship Manor's continued restrictions for testing and masking, unlike any other business in Rock Island. She agreed that updated processes and required applications are necessary but that Friendship Manor has been disproportionately impacted due to continued mandates related to the pandemic.

Friendship Manor Marketing and Sales Director Heather Stancliff thanked Council for these funds as they have and continue to be impacted by the pandemic.

VOTE:

Motion PASSED on a 6-1-0 roll call vote. Aye: Hurt, Gilbert, Swanson, Parker, Poulos, and Healy. Nay: Robinson. Absent: None.

20. Report from the Community and Economic Development Department requesting approval to purchase the former Bear Manufacturing Building located at 2016 5th Avenue from Rock Island County for the purpose of future demolition and redevelopment of the site. (First Reading)

MOTION:

Aldersperson Parker moved to approve the purchase; authorize the City Manager to execute the purchase agreement; consider, suspend the rules and pass the ordinance; Aldersperson Poulos seconded.

DISCUSSION:

Aldersperson Gilbert said the City could potentially pay \$175,000 to \$200,000 in demolition costs due to the safety issues with the building. She proposed staff negotiate the purchase of such properties in the future for \$1 from Rock Island County instead of the county's frontage formula.

Aldersperson Parker asked about accessibility to the building since it was previously limited due to the City not owning the building. Mr. Brainard said that no one should enter the building since it has been deemed dangerous by the building official, and he deferred the question to the legal team. Mr. Morrison said alternative forms of access with the use of technology could be used such as a drone to avoid putting interested parties at risk. Mr. Brainard said 40 photos were included in the packet provided to Council that illustrate the condition of the building. He said 250 photos were taken and could be shared with potential developers.

Aldersperson Parker said he would like to ensure the opportunity is presented to the private sector. Mr. Thompson said the City would work with parties with legitimate interest in redevelopment of the property. Mr. Brainard said the goal is for the City to intervene in the cycle of abandonment and take steps to reintroduce the site to the private market.

VOTE:

Motion PASSED on a 7-0-0 roll call vote. Aye: Hurt, Gilbert, Swanson, Parker, Poulos, Healy, and Robinson. Nay: None. Absent: None.

21. Report from the Community and Economic Development Department requesting the dissolution of the Citizen Advisory Committee (CAC) and the establishment of a Community Development Commission. (First Reading)

MOTION:

Alderson Gilbert moved to approve the dissolution of the Citizen Advisory Committee and establish the Community Development Commission; consider, suspend the rules, and pass the ordinance; Alderson Healy seconded.

DISCUSSION:

Mayor Thoms asked if the board members from the CAC automatically transition to the Community Development Commission (CDC). Mr. Brainard explained that the CAC ordinance was responsible for distributing gaming funds and is being replaced by the Community Development Commission. The new commission will be more broadly focused on the management CDBG funds, hold public hearings for the annual action plan, represent constituencies that benefits from those funds, give input to staff regarding programs and program performance. He said Council could task the commission with dispersing gaming funds if they become available and other similar tasks as Council sees fit.

Mr. Brainard said CAC members are invited to apply for appointment to the CDC and may be appointed by the Mayor if they meet the membership criteria. Alderson Swanson said this is a good opportunity for new commission members. Mr. Brainard said the CAC has not met since 2019. Clerk Gange responded affirmatively. Alderson Parker asked if existing members of the CAC have to apply regardless of their terms. Mr. Brainard said current members are invited to apply and follow the process for appointment to a commission. Alderson Gilbert asked if CAC members would have to meet the new requirements. Mr. Brainard said the CDC will consist of nine members and require three of the members to be of low to moderate income and six members to broadly represent non-profits and other agencies that focus on assistance low to moderate income residents.

Alderson Healy asked if applications are available online. Mr. Brainard responded affirmatively. Clerk Gange said announcements would be made by Community Engagement Manager Sarah Hayden to Facebook and the City's website with the application. Alderson Gilbert asked if former CAC members would be contacted. Mr. Brainard responded affirmatively and explained the purpose of bringing this to Council at this time was to allow for members to be established prior to the beginning of the annual action plan process. Alderson Parker asked if Council members were able to attend CDC meetings. Mr. Brainard said as a Commission of the City, it is a public body as defined by the Open Meetings Act and Council may attend.

VOTE:

Motion PASSED on a 7-0-0 roll call vote. Aye: Hurt, Gilbert, Swanson, Parker, Poulos, Healy, and Robinson. Nay: None. Absent: None.

22. Report from the Fire Department requesting approval to allocate American Rescue Plan Act (ARPA) funds in the amount of \$106,690.77 for battery-powered extrication equipment.

MOTION:

Alderson Poulos moved to approve the allocation of \$106,690.77 of ARPA funds for battery-powered extrication equipment; Alderson Healy seconded.

VOTE:

Motion PASSED on a 7-0-0 roll call vote. Aye: Hurt, Gilbert, Swanson, Parker, Poulos, Healy, and Robinson. Nay: None. Absent: None.

23. Report from the Parks & Recreation Department requesting approval to allocate American Rescue Plan Act (ARPA) funds in the amount of \$600,000.00 for the new clubhouse at Highland Springs.

MOTION:

Alderson Hurt moved to approve the allocation of \$600,000.00 of ARPA funds for the Highland Springs Clubhouse project; Alderson Robinson seconded.

VOTE:

Motion PASSED on a 7-0-0 roll call vote. Aye: Hurt, Gilbert, Swanson, Parker, Poulos, Healy, and Robinson. Nay: None. Absent: None.

24. ARPA Budget Adjustments

- a. Report from the Finance Department regarding a budget adjustment for the Rock Island Fire Department, increasing the ARPA Fund (248) expenditure budget for CY 2022 by \$106,690.77.
- b. Report from the Finance Department regarding a budget adjustment for the Parks & Recreation Department, increasing the ARPA Fund (248) expenditure budget for CY 2022 by \$600,000.00.
- c. Report from the Finance Department regarding a budget adjustment for the Parks & Recreation Department, increasing the ARPA Fund (248) expenditure budget for CY 2022 by \$254,967.47.

MOTION:

Aldersperson Healy moved to approve budget adjustments a, b, and c as recommended; Aldersperson Robinson seconded.

VOTE:

Motion PASSED on a 7-0-0 roll call vote. Aye: Hurt, Gilbert, Swanson, Parker, Poulos, Healy, and Robinson. Nay: None. Absent: None.

25. Report from the Human Resources Department regarding a General Wage Increase for unaffiliated employees.

MOTION:

Aldersperson Gilbert moved to approve the General Wage Increase in the amount of 2.75% for non-affiliated employees; Aldersperson Healy seconded.

VOTE:

Motion PASSED on a 5-2-0 roll call vote. Aye: Hurt, Gilbert, Parker, Healy, and Robinson. Nay: Swanson and Poulos. Absent: None.

26. Report from the Mayor and City Clerk's office regarding a resolution to extend the moratorium on vape shops within the City through March 31, 2023.

MOTION:

Aldersperson Healy moved to adopt the resolution as recommended; Aldersperson Gilbert seconded.

DISCUSSION:

Aldersperson Hurt asked how the extension date was determined. Mr. Thompson said this time frame would allow time for staff to conduct additional research to address Council questions. Mr. Brainard said the timeframe was delayed by one meeting cycle for the planning commission to receive feedback regarding additional zoning amendments and to allow for time to consult with Council for additional feedback.

VOTE:

Motion PASSED on a 7-0-0 roll call vote. Aye: Hurt, Gilbert, Swanson, Parker, Poulos, Healy, and Robinson. Nay: None. Absent: None.

## 27. Other Business

Aldersperson Robinson said he is concerned about semi traffic on 7th street and 4th Avenue as previous traffic caused vehicle damages and wire damage, which warranted signs being posted to prohibit semi traffic on those roads. He said truck drivers are utilizing those streets as a short cut to Dohrn Trucking and residents have confirmed the trucks are not Dohrn Trucks but are making deliveries to them. He requested the City address this concern as the roads are being damaged. Mr. Thompson stated agreement.

Police Chief Richard Landi said he has been in communication with a resident regarding concerns of the narrow road way due to parking and was able stop a truck driver while visiting with her. He said adding an additional sign may have positive results. Chief Landi said drivers are following Google Maps and GPS which is contributing to the issue as well. Mr. Thompson said information could be provided to mapping services. Chief Landi said the problem is that the drivers are not utilizing truck specific GPS services. Aldersperson Robinson responded affirmatively.

Mayor Thoms said he has been making phone calls at Aldersperson Robinson's request for delivery services and those services were unlikely to be restored. Aldersperson Robinson asked what reason was given. Mayor Thoms said concerns of security but one of the owners he reached out to said he would consider it. He is attempting to reach the corporate office for another business since the decision to discontinue deliveries was made at the regional level.

Aldersperson Swanson asked if City staff have followed up with MetroNet services. Aldersperson Robinson reported there was an update on proposed construction during a meeting the previous week which still did not include the First Ward. He said there is not current timeline for when services will be established for the First Ward and that MetroNet plans to get back to Rock Island regarding the specific information in the signed agreement. Mayor Thoms said this has been a learning experience as the MetroNet representative worked to locate 75 work orders which identified an issue for their current processes.

Aldersperson Robinson said a link for signing up for services was shared and will be distributed to constituents. He said the service map consisted of the areas where services are currently being implemented. Aldersperson Poulos proposed the service link be shared via the Simplicity application. Aldersperson Robinson said the purpose of the service link is for MetroNet to assess the cost-effectiveness of implementing services outside of the agreed area. Mr. Thompson said the link will be shared and that constituents could sign up for notification when services are available at the website. Aldersperson Robinson said this is the same for Mediacom services. Mr. Thompson noted the concern that MetroNet would not provide services in certain areas regardless of persons signed up for services.

Aldersperson Parker asked what the agreement was with the City. Aldersperson Robinson said it is a 10-year franchise agreement. Mr. Thompson said the agreement is similar in nature to a franchise agreement but differs as it is regulated under state law and describes when and where specific services will be provided. He said the problem is that there are specific areas including, part of the west side that MetroNet is not obligated to provide services unless a number of people sign up.

Aldersperson Parker asked what enforcement mechanisms were in the contract for services. Mr. Thompson said the City is unable to identify how many people are signing up for services so they are unable to enforce expanding the service area. Aldersperson Gilbert asked if Rock Island was the first to sign a contract with MetroNet in the Quad Cities. Mayor Thoms responded affirmatively.

City Attorney Dave Morrison said the specific language in the agreement regarding persons interested in services within a certain distance of an area where services are provided could provide an opportunity to request specific services. City Attorney Hector Lareau responded affirmatively and said the difficulty is with effectively identifying the specific number of consumers seeking services within the specific distance of the service area.

Aldersperson Gilbert asked if the City could be notified so that the information could be tracked. Mr. Morrison said that if constituents can identify that they are within the specified distance to the trunk and have 10 interested consumers, the City would send notice to MetroNet to provide service. Aldersperson Robinson said this would be difficult in the west end of the City because there isn't a trunk in the area. He identified that the locations of the trunks are needed to organize consumer interests to expand the service area. Mr. Morrison said this would be a reasonable request of MetroNet. Mr. Thompson asked Mike Bartels if maps of the installed systems had been provided. Mr. Bartels responded they have not but they are anticipated to be received in the future.

Mayor Thoms said financial assistance programs are available if the rate of service is not affordable for consumers. Aldersperson Gilbert suggested the Community Engagement Manager Sarah Hayden share the information for requesting services.

Aldersperson Hurt thanked Rock Island First Responders for their attendance at the 20<sup>th</sup> Annual Police and Firefighters for Christmas shopping event.

28. Closed Session

MOTION:

Aldersperson Poulos moved to go into Closed Session for the exceptions cited; Aldersperson Robinson seconded.

VOTE:

Motion PASSED on a 7-0-0 roll call vote. Aye: Hurt, Gilbert, Swanson, Parker, Poulos, Healy, and Robinson. Nay: None. Absent: None.

29. Motion to Adjourn.

MOTION:

Aldersperson Healy moved to adjourn until January 9, 2023; Aldersperson Swanson seconded.

**Subject:** 2022 Street Joint & Crack Sealing Program, Project 2376  
**Date:** December 12, 2022  
**Number:** 2022-232

---

The Public Works Department has been contacted by Denler, Inc. in regards to extending their contract for the 2022 Street Joint and Crack Sealing Program through 2023. The work performed by Denler, Inc. on this project was of exceptional quality and at favorable unit prices. Denler, Inc. was the lowest responsible bidder of three for the 2022 program.

Engineering typically sees a yearly increase in labor costs of at least 3% and material costs of 2% for our maintenance programs. This anticipated rise in labor and construction material prices would likely increase the program's unit prices over last year. The program is funded for \$50,000 in 2023.

**Recommendation:**

It is recommended that the City Council extend the 2022 Street Joint & Crack Sealing Program maintenance contract with Denler, Inc., Joliet, IL, in order to perform the required maintenance through 2023.

**MEMORANDUM**  
**Police Department**

**TO:** Todd Thompson, City Manager  
**FROM:** Richard T. Landi, Chief of Police  
**SUBJECT:** Police Retention Bonus CY2023

**Number:** 22-60  
**Date:** 12/16/22

---

As part of the American Rescue Plan Act (ARPA) funding endorsed by the City Council, funding was allocated for Police Hiring / Retention / Recruitment (Project Category 1.14). For CY2023 a retention bonus in the amount of \$500.00 was proposed to be paid to all active employed sworn police employees hired no later than CY2022. Under this proposal, a retention bonus would be paid to 70 sworn police employees at a cost of \$35,000.00; which is \$500.00 below the budgeted amount due to sworn staffing being lower than anticipated for CY2023.

In CY2022 the police department lost five (5) officers that went to work for other law enforcement agencies, with two of these losses occurring in the fourth quarter of the year. With the number of police applicants at an all-time low and the competition to recruit active officers away from police departments through aggressive lateral entry programs at an all-time high, it is recommended that consideration be given to increasing the CY2023 retention bonus amount to \$1,000.00.

The cost of the higher \$1,000.00 retention bonus for 70 sworn police employees would be \$70,000.00, an increase of \$34,500.00 over what was proposed CY2023. To account for this increase, future retention bonuses can be adjusted based on new officer recruitment and retention performance, along with available funding at the end of CY2023.

Recommendation

The Police Department recommends that the City Council approve for CY2023 the disbursement of police retention bonuses in the amount of \$1,000.00 to all active employed sworn members of the police department hired no later than CY2022.

**SUBJECT:** Adjustment to the CY 2023 Budget

**Number:** 001-23  
**Date:** 01/04/2023

---

The Rock Island Police Department is requesting a budget adjustment in the amount of \$34,500.00 to cover expenses for Police Retention Bonus to all active employed sworn members of the Police Department hired no later than CY2022.

Per the attached memo, the retention of current sworn police employees is of great importance due to the high competition to recruit active officers away from police departments. The funding source is restricted ARPA funds.

Account Number	Type	Amount

### Community and Economic Development Department

**To:** Rock Island City Council  
**Subject:** Community Garden Locations Update  
**Date:** December 21, 2022

The Community Garden Program continues to be a highly successful amenity offered by the City to residents. In the 2022 season, there were twenty-five sites under cultivation over about four and a half acres of otherwise vacant City-owned land. This program not only provides participants with the opportunity to grow fresh food but also helps the City to reduce costs in the management of its vacant land.

Each year, staff review the status of City-owned properties enrolled in the Community Garden Program. Six (6) properties enrolled in the program are in the process of being sold. Staff recommend replacing the properties with six (6) other City-owned properties that are currently vacant. This will keep the overall number of sites in the program the same as before. The following table lists the 2022 garden lots being removed and the recommended replacement lots for 2023. A map showing the garden lot locations is also attached.

2022 Removed Garden Lots	2023 Replacement Garden Lots	Location on Map
515 5 <sup>th</sup> Avenue	930 10 <sup>th</sup> Avenue	Site 1
517 5 <sup>th</sup> Avenue	510 14 <sup>th</sup> Avenue	Site 2
705 9 <sup>th</sup> Avenue	900-906 12 <sup>th</sup> Street	Site 5
422 8 <sup>th</sup> Street	1602 9 <sup>th</sup> Street	Site 11
601 5 <sup>th</sup> Avenue	624 7 <sup>th</sup> Street	Site 15
518 14 <sup>th</sup> Avenue	1603 8 <sup>th</sup> Street	Site 18

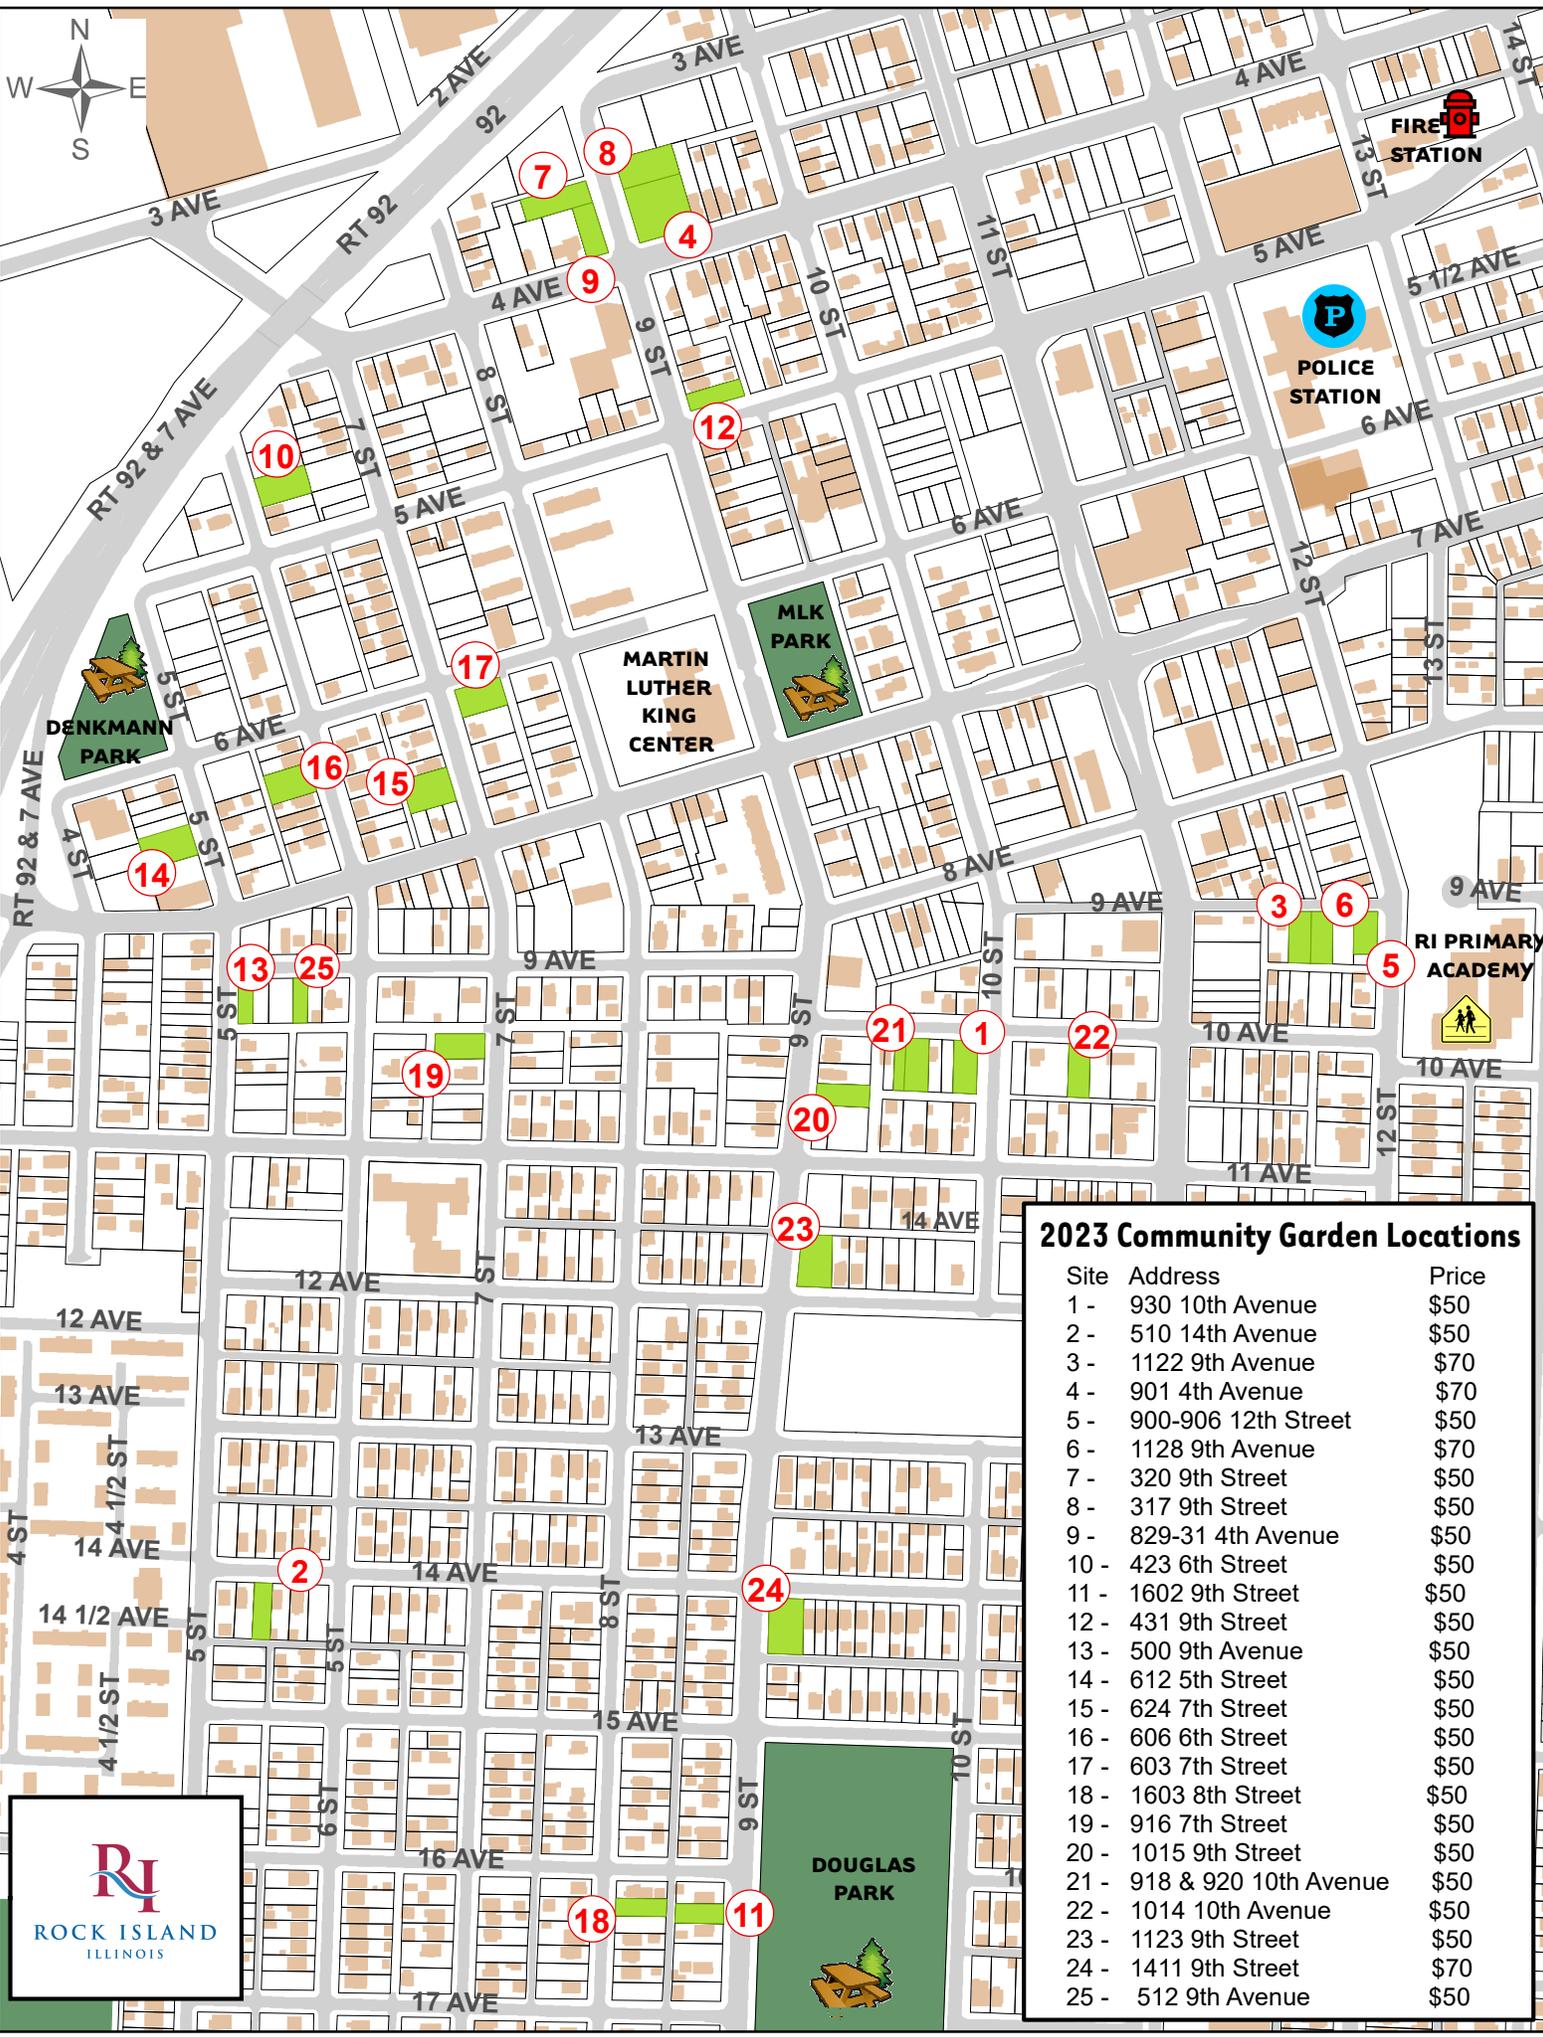

Per the program policies, this change requires the approval of the City Council. Staff believes this change will help to maintain the appropriate number of sites for the program and continue to reduce land maintenance costs for the City.

#### Recommendation:

The Community and Economic Development Department recommends that the City Council approve the changes to the locations of Community Garden sites for the 2023 season.

**Memorandum**  
**Human Resources Department**

**To:** Todd Thompson, City Manager  
**Subject:** Addition of the Martin Luther King Holiday  
**Date:** January 5, 2023

---

Martin Luther King Jr. Day is a federal holiday marking the birthday of Martin Luther King Jr. It is observed on the third Monday of January each year. All 50 states and many city governments also recognize the day as a holiday.

Based on public and employee input, the City Administration is requesting the Martin Luther King Jr. holiday be added to the official City of Rock Island holiday schedule for all employees on January 16, 2023.

The addition of this holiday will take the observed holidays for the City of Rock Island employees to nine holidays which is in alignment with other comparable cities.

The proposed holiday addition will need to be agreed to by the labor unions operating within the City of Rock Island.

**Recommendation:** The City Council is recommended to approve the addition of the Martin Luther King holiday on January 16, 2023 to the City of Rock Island observed employee holiday schedule.
