9. Update Rock Island by Mayor Thoms

Rock Island Golf Courses Open - Highland Springs and Saukie Golf Courses are open for the season. The golf courses will follow the restrictions provided by the State of Illinois including: only groups of two allowed, 15 minute tee time intervals, no carts except those with physical disabilities or limitations, no rental pull carts, prepaid tee time reservations, no practiced facilities including driving range and putting greens, and no congregating in or near the clubhouse.

Rock River Warning - Due to the continued high river level of the Rock River, the City of Rock Island is recommending boaters to avoid the Rock River West of Ben Williamson Park. The boat barrier buoys are currently not in place as a result of the high river level, thus making the Steel Dam hard to see. The high river level combined with strong current makes this area extremely dangerous. Avoid this area at all costs.

Mayor Thoms discussed a new platform the City will have in collaboration with other local municipalities that goes live May 12, 2020. He said it is called Live Story, and 118 City businesses received a link to the new site to make program availability easier for them to access through the City, County, State, and Federal Government primarily for relief during the COVID-19 pandemic. He said small businesses can create a profile, log in, and the software will find programs for which they may be able to apply. He said it will save businesses time from having to research the programs. He said it is called Rock Island Forward in conjunction with the cities of Moline, East Moline, and Silvis. He pointed residents to the DARI or the City's website for additional details. He said the site is not only for COVID-19 relief, but for all products and programs that the City, County, State, and Government offers. He said the site is an invitation-only, and to contact Economic Development Manager Tarah Sipes for more information. He thanked City staff and Stacey with DARI for their assistance.

10. Proclamation declaring the week of May 17th through May 23, 2020 as National Public Works Week in the City of Rock Island.

Deputy Clerk Josh Adams read the proclamation. Mayor Thoms read his declaration.

Alderman Hurt thanked the Public Works staff for their hard work. Mayor Thoms said the Public Works staff puts themselves out in the public every day in the past month, exposing themselves to potential hazards for the good of the City, and thanked them.

11. Mayor Thoms will close the regular meeting and open a Public Hearing regarding the Program Year 2020 Annual Action Plan and an amendment to the 2019 Annual Action Plan.

Mayor Thoms closed the regular meeting and opened the Public Hearing.

Resident Jen Woods, a case manager with World Relief Quad Cities, discussed the purpose of the organization, specifically that it is for all local immigrants. She discussed the types of services offered to these immigrants. She spoke of the various programs offered to the local clients, including assistance with any COVID-19 concerns. She thanked Council for their time.

City Attorney Dave Morrison stated that the public hearing was meant for the item on the agenda, and reminded everyone that wished to speak that it was meant to be for or against the plan.

Mayor Thoms asked if anyone was in favor of the matter. No resident joined the call.

Mayor Thoms asked if anyone listening was opposed to the matter.

Resident Dan McNeil of the Spring Forward Program discussed the purpose of the organization. He said this year the summer camp will not happen, and that it is important now more than ever to have programs like this so children of low-income homes will not be away from school for five months, which would put them at a disadvantage. He discussed the upcoming goals of the organization. He encouraged Council to consider allocating dollars from HUD funds to help the most vulnerable children. He thanked Council for their time and consideration. Mayor Thoms asked if Mr. McNeil was in favor of the plan. Mr. McNeil confirmed yes.

No one joined the call in opposition to the item.

Alderman Parker said even though the Council was approving the plan, it is more the anticipated dollar amount that will be spent, and asked if the dollar amount could still be changed. City Manager Randy Tweet confirmed that was correct, and also as needs develop. He said what Council was approving was the standard annual expenditures for programs, including the \$250,000 COVID-19 relief package for small businesses, and \$249,000 for non-profit organizations. He said approving this now would allow the City to start processing the grants for which the non-profits have applied. He said it was likely more would be needed to assist businesses, and that the City would be able to reallocate some of the funds provided it was an appropriate expenditure. Alderman Parker asked if the Annual Action Plan was all \$1.6 million dollars for the CDBG. Mr. Tweet confirmed yes, and the amount of around \$650,000 left over from previous years was also available.

Alderman Parker asked how Council would be revisiting the issue. He said no discussion had taken place as to how the money should be spent, and asked Mr. Tweet when the discussion would occur. Colleen Small-Vollman, Budget and Grants Manager for the City, reminded the Mayor that the Public Hearing needed to close before further discussion could take place.

Mayor Thoms closed the Public Hearing and reconvened the regular meeting for a motion.

MOTION:

Alderwoman Swanson moved to accept and approve the Program Year 2020 Annual Action Plan as submitted and approve the amended 2019 Annual Action Plan and Citizen Participation Plan; Alderman Poulos seconded.

Mr. Tweet responded to Alderman Parker's earlier question, and said the issue described was meant to come to a study session to start the discussion. He said then the COVID-19 pandemic began, the City was awarded additional funding. He said the City tried to get the funds out for relief as soon as possible. He said he would be speaking with the Council on an individual basis, and will be up for discussion in June. Alderwoman Swanson said the \$650,000 in funding was specifically meant to prepare, prevent, and respond to the COVID-

19 spread, and thus needs to be earmarked for helping community businesses. She commended Community and Economic Development staff for their work, and suggested Council make sure the money goes where it is needed. Mr. Tweet said all allocated funds needed to be related to COVID-19 relief.

Mayor Thoms said he thinks the City needs to be quick to respond to issues as they arise, and encouraged a balance of swift response and patience.

Budget and Grants Manager Colleen Small-Vollman said one of the rules of spending the money is that the City must reach out to stakeholders and the public to gather input on how the funds should be spent. She said a virtual stakeholder meeting took place on May 7 to discuss this issue, and twenty people provided feedback on what is needed in the community. She said this will happen as quickly as HUD allows it to happen. She reminded Council that a consolidated plan was approved last year, which drives expenditures for five years. She said she was available to provide guidance and clarification regarding the consolidated plan.

MOTION:

Alderman Poulos moved to approve the appointments as recommended; Alderman Swanson seconded.

Alderman Parker said in the past there had been difficulty in the chain of command regarding OMA issues due to the former City Clerk not having authority over certain staff members. He asked City Manager Randy Tweet what the plan was for OMA and if there will be better compliance. Mr. Tweet said yes, and the City was in better compliance with OMA than a year ago and it is getting better all the time. He said there is usually no serious issue, and if an issue arises it is more of a paperwork problem. He said it would be his responsibility going forward, and if an issue arises he would advise Staff. Alderman Parker said the previous OMA officer provided updates, and asked if Mr. Tweet would be doing the same. Mr. Tweet said if the Council desires that, he would provide it.

Alderman Parker asked if issues involving OMA compliance would be included in the annual City Manager review. Human Resources Director John Thorson said it could be included if Council would like that. Alderman Parker said at least he would like to see that if Mr. Tweet is to be responsible for OMA. Alderman Parker said he understood, but wanted to know what the roles and expectations were going forward, as he thought good work was coming from the Clerk's office, and he hopes to keep it going with the change in staffing.
