

Rock Island Arts Advisory Committee, Meeting Summary for March 13th, 2019

Committee Present: Brett Hitchcock, Carolyn Krueger, Dawn Wohlford-Metallo, Joedy Cook, Tony Seabolt, and Jodie Kavensky

Staff Present: Kathy Douglass

Visitors: Amber Williams

Review of Minutes from Previous Meeting: Dawn Wohlford-Metallo made a motion to approve the February Arts Advisory Committee meeting minutes, and Carolyn Krueger seconded the motion. The February minutes were then approved by all the members present.

Art Meter Program Survey Review: Kathy Douglass report that she has only received three surveys back from the hosts of the Art Meters. She then shared what was written on the surveys with the committee.

2019 Sculpture Selection: Kathy Douglass told the committee that the City had budgeted for a total of five sculptures this year. Sculpture choices have been made by Parks Director John Gripp for Longview and Lincoln Parks. Selections for the remaining three locations will be chosen now by the Arts Advisory Committee. As in the past there is no guarantee that we will receive our first choice that is why the committee will again choose a first and second choice for each location. Also, Kathy reported that the Southwest Library is in favor of hosting a sculpture again this season. The committee then reviewed all the sculptures submitted to the 2019-2020 Quad City Arts Sculpture Program via a online link and chose this season's sculptures for the City of Rock Island.

Other Business:

-) The Arts Advisory Committee members present introduced themselves to Amber Williams, an artist from Desoto Arts, and potential new member to the committee.
-) Kathy reported that Alex McFarland told her that he would not be able to continue his membership on the committee because of a work conflict.

Next Meeting Date: April 10th, 2019 at 4:00 PM in the City Hall lower level conference room.

Adjournment: The meeting was adjourned at 5:05 PM.
