Subject: Request for Special Use Permit for 2317 6th Avenue

Date: September 28, 2016

People's Missionary Baptist Church is requesting permission to apply for Special Use Permit to construct a ten stall accessory parking lot at an undeveloped parcel at 2317 6th Avenue, zoned R-4 (one to six family residence) district. The subject property is located to the across a public alley to the east of the church structure, which is located at 553 23rd Street.

The proposed parking area will have access to 6th Avenue. There will be no access proposed from the dead-end north/south public alley located west of the subject property. Currently, church attendees park on adjacent public streets as there is only two improved parking spaces for church vehicles on the site where the church structure is located.

The impact of the use on neighboring and adjoining property owners can best be determined by a public hearing. Staff believes that a Special Use Permit request is the appropriate process to consider instead of considering rezoning to business zoning because the Comprehensive Plan Future Land Use Map identifies single family residential land use for the site and the property is located low density residential neighborhood.

Recommendation:

That People's Missionary Baptist Church be allowed to apply for a Special Use Permit.

September 21, 2016

To Whom It May Concern:

I bring you greetings from People's Missionary Baptist Church:

The Pastor and members of People's would like to request a Special Use Permit to construct parking in the following area:

- **2317 5th Ave. Rock Island IL. (lot size 62'x50)**

By constructing said parking lots, this will allow for additional off street parking on Sunday's and whenever activities are taking place at the church.

We pray that the council will find favor and grant the use of a Special Use Permit.

Humbly submitted,

Rev. Willie E. Jones, Pastor
