

December 2, 2022

Dear Mechanical Contractor:

Your 2022 contractor registration will expire on December 31st, 2022. In order to obtain a permit in 2023, your registration must be current. The form for renewal can be found at rigov.org under mechanical contractor registration. Please mail your registration along with payment and the required documents to the address listed on the registration form. **Keep in mind that it is the contractors' responsibility to keep their insurance and bond current.**

Please keep the following other contractor responsibilities in mind when performing work in Rock Island:

- City code requires that permits must be pulled **before** work is performed and that permit must be retained on the job site. This office understands that emergency repairs/replacements do occur, and those permits must be submitted as soon as possible.
- City code requires that inspections are conducted during applicable stages in the build and that a final inspection or occupancy inspection is conducted in order to close the permit. **Every permit issued requires an inspection.** It is the responsibility of **the contractor** to call and schedule all inspection requests to the Inspection Division upon completion of work in a timely manner.
- If there is a change in the scope of work, the proposed change must be submitted to this office in writing and it must be approved by the Building Official before modifications are initiated.

- **ALL INSPECTIONS REQUIRE A MINIMUM OF 24 HOUR NOTICE**

Beginning January 1st, 2018, the 2015 International Codes were implemented.

On November 20th, 2017, City Council passed a recommended ordinance to implement the 2015 International Codes (IBC, IRC, IFC, IMC, IFGC, and IEBC), 2011 NEC, 2015 IECC, the 2014 Illinois Plumbing Code and the IPC for matters not covered by the IL Plumbing Code. **All construction after December 31st, 2017 must conform to the minimum requirements of the 2015 I-Codes.**

There are copies of the local amendments as well as permit applications and fee schedules available on the city website: <http://www.rigov.org>

All construction must conform to the 2021 IECC.

I look forward to working with you throughout the year.

Sincerely,

Jerad Irvine
Building Official
