

**Memorandum
Public Works Department**

To: City Manager
Subject: Surplus Vehicles 4456
Date: September 4, 2012
Number: 2012-195

The Public Works Department would like truck 4456 reinstated into the City fleet. The calcium system that is mounted on the back of this truck was to be reinstalled on a trailer, however; the cost to remount on a trailer exceeded the estimated cost. The calcium system is scheduled to be replaced in two years and a trailer mounted system may be purchased at that time.

<u>Fleet #</u>	<u>Year</u>	<u>Make</u>	<u>Model</u>	<u>Vin Number</u>

Recommendation

The Public Works Department recommends that the City Council reinstate the 1984 Ford truck back into the City fleet.
