ROCK ISLAND, IL 61201

Dear Michelle Martin –

Please accept this letter and the enclosed petition containing the required 2/3 signatures from the residents of 29th street between 7th and 9th avenues to designate this area as residential parking type A. At this time, residents of this street are having a difficult time finding available parking due to the high number of college students living in rental properties in this area. Most of these residences do not have alley access for parking in the rear or driveways/garages. Having a few extra parking spots in front of these properties would help residents of this street a lot.

If you have any questions, please call me at (309) 737-3600.

Sincerely,

Guadalupe Pizano
