Traffic Engineering Committee

2960 12th Street #1

- I approve the installation of a handicapped parking space :
- I do not approve the installation of the handicapped parking space.

Comments: parking is currently compromised with their vehicles constantly coming and going. Their friends and family park in front of my property and up and down the alley that seperates us. →

Designating a parking place for handicap parking would further congest the parking in front and sides of both properties.

Thank you,
Carrie Crampton
