

**Memorandum
Public Works Department**

To: City Manager
Subject: 2014 Brick Street Replacement Program, Project 2411
Date: March 13, 2014
Number: 2014-057

We have been contacted by Centennial Contractors of the Quad Cities in regards to extending their contract from the past year for the 2014 Brick Street Replacement Program. A provision in the contract states that if both parties agree, the contract can be extended additional years. The work performed by Centennial Contractors on this maintenance project in past year was of stellar quality and at very favorable unit prices.

The program was funded for approximately \$75,000 in 2013 and it is anticipated that funding levels in 2014 will be similar.

Engineering typically sees a yearly increase in labor costs of at least 3% and material costs of 2% for our maintenance programs. This anticipated rise in labor and construction material prices would increase the programs' unit prices over last year.

RECOMMENDATION:

It is recommended that the City Council extend the 2013 Brick Street Replacement Program maintenance contract with Centennial Contractors of the Quad Cities in order to perform the required maintenance through 2014.
