SUBJECT: Residential Parking

Dear Marjori Kehoe,

The City of Rock Island's Traffic Engineering Committee received your request to install residential parking on 12th Street.

Before we can act on your request, we will need additional information. First, we need to know exactly where you would like the residential parking installed (on 12th Street from what Avenue to what Avenue). Secondly, we will need to know what type of residential parking you would like to have installed (Type A or Type B). Type A allows residents to park only in front of their own home and Type B allows residents to park anywhere within the residential parking zone. Enclosed is a copy of the ordinance describing residential parking.

Please complete the bottom of this letter and return it in the enclosed envelope. Once we receive your response, the Traffic Engineering Committee will make a recommendation to the City Council. A copy of the recommendation and a letter stating the date of the City Council meeting will be sent to you.

If you have any questions, please contact the Public Works Department a call at 732-2200.

Sincerely,

Michelle Martin
Assistant to the Public Works Director
