

**Memorandum
Public Works Department**

To: City Manager
Subject: Store Treat Basin Emergency Pump Repair
Date: April 7, 2015
Number: 2015-061

An emergency repair for one of our Flygt Submersible Wastewater Pumps from the Franciscan Store Treat Basin has been initiated in order to return this pump to service as quickly as possible. This repair is necessary as we do not have a spare pump to utilize should one of our main pumps fail for any reason. Failure to treat excess storm flows at the store treat basin could potentially result in a violation of our NPDES discharge permit. With the rainy season upon us, this repair had to be expedited as quickly as possible. Electric Pump is the only certified Flygt Submersible Pump repair shop in the area for this type of equipment.

Accompanying this memorandum is the repair quote for the repair and return of one Flygt Submersible Wastewater Pump from Electric Pump.

Recommendation

The Public Works Department recommends that the City Council approve the emergency repair of the Flygt Submersible Wastewater Pump in the amount of \$13,381.03

Vendor: Electric Pump
Payment Amount: \$13,381.03
Account Chargeable:
 Fund: 506 Wastewater Operations and Maintenance
 Division: 618 Utilities Services
