

**Memorandum
Public Works Department**

To: City Manager
Subject: Blended Anti-Ice Fluid Purchase
Date: October 6, 2015
Number: 2015-182

The City of Rock Island solicited bids for a blended anti-ice product for anti-icing the streets prior to a snowstorm and for applying to the salt during snow removal operations. The product is a blend of salt brine, beet juice, and calcium chloride. Bids were opened on September 17, 2015. Three bids were received:

<u>Vendor</u>	<u>Blend (brine/beet/calcium)</u>	<u>Price per gallon</u>	<u>Total (20,000 gallons)</u>
Ossian, Inc	80/10/10	\$.65	\$13,000.00
SNI Solutions	80/10/10	\$.70	\$14,000.00
Smith Fertilizer Grain	70/20/10	\$.78	\$15,600.00

All bids were below the budgeted amount of \$1.00 per gallon.

The performance of the 80/10/10 blend is nearly identical to the 70/20/10 blend.

Recommendation

The Public Works Department recommends that the City Council award the bid to Ossian Inc. in the amount of \$13,000.
