

**Memorandum
Public Works Department**

To: City Manager
Subject: 2015/16 Brick Street Repair Program, Project 2411
Date: February 23, 2016
Number: 2016-034

The Public Works Department has been contacted by Walter D. Laud, Inc. in regards to extending their contract for the 2016 Brick Street Repair Program. The work performed by Walter D. Laud on this maintenance project was of exceptional quality and at favorable unit prices.

Engineering typically sees a yearly increase in labor costs of at least 3% and material costs of 2% for our maintenance programs. This anticipated rise in labor and construction material prices would likely increase the programs' unit prices over last year.

The program was funded for approximately \$75,000 in 2015. The 2016 program is currently funded by the following general fund amount:

- Brick Street Repair \$75,000

Recommendation:

It is recommended that the City Council extend the 2015 Brick Street Repair Program maintenance contract with Walter D. Laud, Inc. in order to perform the required maintenance through 2016.
